Victims Rushed to Base Hospital at Devens—Auto Driven by Dracut Man

AYER, April 22.—Seven soldiers of the 26th Division and two civilians were taken to the base hospital at Camp Devens suffering from serious injuries received in an automobile accident here early today. Another soldier, who was with them and was thrown more than 50 feet, did not receive even a scratch. The 10 men were riding in a public automobile from Lowell when the machine failing to make a sharp curve near the Main street railroad bridge, crashed through a heavy guard rail and plunged over a 30 foot embankment.

Machine Turned Over Three Times

The machine turned over three times in the plunge, scattering its passengers in all directions, landing on its side.

TROUT DISTRIBUTED IN LONG POND

The Lowell Fish and Game association received a consignment of trout today from the government hatcheries at Nashua. The consignment consisting of 2500 rainbow trout arrived here about the noon hour and was distributed in Long Pond by Oswald O'Brien, a member of the distributing committee of the Lowell Fish and Game association. The association has distributed rainbow trout in Long Pond on several occasions and a trout measuring 18 inches and weighing nearly two pounds was taken there since the trout season opened this spring.

Victory Loan Has Good Start —Banks Report Steady Buying of Bonds.

Reports of Progress From Various Sources—Big Mass Meeting This Evening

Echoes of yesterday's splendid start on the Fifth Liberty Loan drive in Lowell were reverberating this morning and optimistic and progressive reports were unofficially made from every source. The banks reported steady buying of the bonds this forenoon and it is expected that the total of yesterday will be greatly increased before nightfall. Added to the \$1,050,000 subscribed by banks yesterday morning, \$50,000 was reported last night from the Washington Savings Institution, and \$10,000 from James M. Abbott & Co., making the total for the opening day, \$1,110,000. It was a great old get-away and conclusively showed that Lowell has not allowed her patriotism to wane, or her eye for business to become dimmed. No bank reports were forthcoming this morning. All resources at the command of local loan leaders are being marshalled.

NO PEACE REFERENDUM

Allies Will Not Consent to Germans Submitting Terms to Plebiscite

PARIS, April 22.—(Havas)—Discussion of the peace terms by the Versailles congress after the Germans are called in will not be continued longer than May 15, the Echo de Paris today declares. The Germans will be required to sign the peace conditions subject only to ratification by their government, the allies not consenting that these conditions shall be submitted to a plebiscite, it adds.

It is pointed out that the only benefit, if there be any, which Germany has secured is to delay the opening of the negotiations for a few days. The situation is attributed by the press of all parties to the energetic attitude of the entente, which is accounted a good omen for the success of the Versailles negotiations.

BERLIN, Sunday, April 20.—Apparatus for an election are in readiness for an immediate plebiscite on the peace terms which can be completed all over Germany in 48 hours according to information secured from sources close to the government.

It is declared that the cabinet wishes to avoid the responsibility of either refusing or accepting the terms. Therefore a plebiscite is almost certain. It is believed that the result will be a refusal to accept the peace terms because the people will overlook the consequences of such an act. It is asserted that an agreement to negotiate the details of the treaty is absolutely the only basis upon which Germany in her present mood will vote in the affirmative.

VEDIC ARRIVES WITH HEROES

Continued Ovation as Troop-ship Steams Up Boston Harbor—Y. D. Men Aboard

Missouri Delegation on Hand To Greet Soldiers From "Show Me" State

BOSTON, April 22.—The naval transport Vedic brought 53 officers and 2180 enlisted men to this port today. Included in the number were 200 members of the Yankee Division. They were attached to the 162d Field Artillery, recruited from New Hampshire, Rhode Island, Connecticut and the New England Coast Artillery. Part of the 128th Field Artillery Battery No. 394 and Illinois, Wisconsin, Pennsylvania and Connecticut casual companies, made up the remainder of the passenger list.

"Show Me" Delegation

The Vedic reached quarantine a few hours after daylight and was met by a fleet of welcoming boats with flags flying and bands playing. One of the boats carried a delegation from Missouri whose special mission was to greet members of the 128th Field Artillery, made up almost entirely of St. Louis men. The Missouri delegation planned to remain in Boston until other units from that state, now en route, reach port.

All the way up the harbor to Commonwealth pier, which was reached about 10 o'clock the Vedic received a continuous ovation from other vessels while factories along the waterfront opened up their whistles and joined in the welcome.

The debarkation of the troops began almost as soon as the transport reached her pier. No one was permitted to board the steamship. All of the men were taken first to Camp Devens to be distributed later to other contingents and camps near their homes for final discharge.

Y. D. Heroes Welcomed

The members of the 26th Division on the Vedic received the same enthusiastic welcome both down the harbor and at the pier that had been accorded the others of the organization who came before them.

TEXT OF REVISED LEAGUE DRAFT

Received at State Department by Cable—Polk Asks Wilson For Release Time

President To Take no Action Which Might Jeopardize League of Nations

WASHINGTON, April 22.—Administration officials were advised in a confidential cablegram from Paris today that in the consideration of problems confronting the peace conference, such as Italy's Adriatic claims and the question of an alliance to protect France from future aggression, President Wilson would take no action which might in the slightest degree jeopardize the League of Nations or conflict with its fundamental principles.

The message was a reply to a cablegram of inquiry regarding the president's attitude toward a secret alliance which according to certain newspapers contemplated a special defensive pact by France, Great Britain and the United States. The outcome of the apparent deadlock over Italy's Adriatic claims was awaited in official quarters here with evident anxiety. The situation as pictured in press dispatches was regarded as serious and there was no message from Paris yesterday or today similar to those of last week reporting gratifying progress at the peace table.

The complete text of the revised covenant of the League of Nations was received at the state department by cable from Paris. Acting Secretary Polk has asked the president for directions as to publication of the document.

GERMANY AGAIN BOWS TO ALLIES

Foe's Delegates to Peace Congress Will Have Full Power To Sign Treaty

Italian Situation Grave as Wilson, Lloyd George and Clemenceau Meet

Soviet Regime at Munich Crumbles—"Reds" Defeated on Ural Front

(By The Associated Press)

Germany has bowed to the virtual ultimatum of the entente relative to the sending of "mere messengers" to the peace congress and will be represented by a delegation having full powers to negotiate a treaty of peace.

To Meet April 28

This closes what for a time seemed to threaten a grave complication in the work of the congress. It is probable, however, that the actual meeting of the allied and German delegates will not occur until April 28, as the change in the German plans and the physical impossibility of having the

ESCAPES ANGRY MOB

Armed Men Search For Negro Who Fled After Attempt To Lynch Him

BALTIMORE, Md., April 22.—Numerous parties of armed men were searching today for Isaiah Fountain, colored, who escaped from custody last night after an attempt had been made to lynch him. He was on trial here charged with assaulting a 13-year-old white girl. She had identified him.

Fountain was being taken to jail from court by a guard of Baltimore police through a crowd of more than 200 persons which became so threatening that the officers turned into the residence of the sheriff adjoining the jail. While they were holding the mob back the negro was pushed inside the house. He jumped through an open window and disappeared. He sat several hours' start because the mob refused to believe he had escaped.

SCHOOLS OBSERVE HUMANE DAY

Humane day was observed in the various public schools of the city today by brief and informal exercises appropriate to the occasion. The object of the observance was to instill in the children a love of animals and many of the exercises included the telling of tales of the work which animals performed in the war. No formal programs were carried out.

MAN CHARGED WITH LARCENY OF BICYCLE SAID TO HAVE SOLD IT HERE

MANCHESTER, N. H., April 22.—Edwin T. Scales of 425 Rockland avenue was arraigned yesterday, charged with the larceny of a bicycle valued at \$12.50 which he was said to have sold in Lowell, Mass., where it was recovered. Scales was held in \$200.

GUARD LAWRENCE PRIEST REPATRIATING RUSSIANS RAPS LEAGUE OF NATIONS MORE Y. D. MEN COMING

Order Issued Because of Threats Against Pastor—Attacks Bolsheviki

LAWRENCE, April 22.—That the Rev. James T. O'Reilly, for 25 years rector of St. Mary's Roman Catholic church in this city, be accompanied on all his appearances in public by a body guard of plain clothes policemen, is an order that was issued yesterday by Chief of Police O'Brien on orders from Peter F. Carr, commissioner of public safety.

The order which also calls for guards about the church property, the parochial school and the Augustinian rectory, is said to have been issued because of threats against the life of the churchman and the safety of the church property, made by local Bolsheviks who are conducting a strike in the mill districts. Father O'Reilly has opposed the strike and the spread of Bolshevik sentiment.

"I was not consulted in the matter of giving me a body guard," said Father O'Reilly. "Commissioner Carr, as a matter of safety, gave the order. Personally, I do not feel that I need a guard. I am 62 years of age but I would not be afraid to tackle the dirty Bolshevik crew alone with my naked hands. They are cowards every one of them, as cowardly as they are opposed to everything that savors of Americanism, of religion and law and order."

JUDGE ORDERS

BOY SPANKED

PORTLAND, Me., April 22.—Frank P. Shaw, aged 9, was spanked by Captain Hugh F. McDonough of the police department in the municipal court yesterday by order of Judge Clifford B. McGlaughlin.

The punishment was administered after the boy had pleaded guilty to the larceny of lend from the roofs of buildings, and his mother, a widow, had said she had been unable to break him of some bad habits he had acquired. He was placed on probation for one year.

Americans Releasing 300,000 Prisoners in 20 German Prison Camps

CORLENZ, Monday, April 21. (By the Associated Press).—The task of repatriating approximately 300,000 Russian prisoners in the 20 camps in Germany which have been under the supervision of American army medical officers began a few days ago, in accordance with the decision of the allied armistice commission at Spa. Advances received here indicate the undertaking will be completed in about six weeks.

The Americans connected with relief work among Russian prisoners number more than 1,000. Their principal duties are to see that the Russians are properly fed and to supervise camp sanitation. Food shipments, handled by the American Red Cross have been passing through Coblenz for several weeks, but these will cease soon and it is expected that within two months all American missions and soldiers in Germany who have been connected with relief work among Russian prisoners will be out of enemy territory.

To Properly Treat Obsolete Wrinkles

Particularly where wrinkles are long and deep, the massage devotee is apt to rub too hard and too frequently. This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought.

Better than massage, or anything else, for the most obstinate wrinkles as well as the finest lines, is a remarkable formula which you may readily avail yourself of, as you will have no difficulty procuring the constituent from your druggist. It is this: One ounce powdered saxolite, dissolved in one-half pint witch hazel. Bathe face, neck and hands in this. The effect is really marvelous, not only as to wrinkles, but also in cases of baggy cheeks and chin. The application is cooling and soothing, tending to relieve fatigue. Both the witch hazel and the saxolite are, of course, entirely harmless to the skin.—Adv.

Dutch Leader Says Entente's Enemies Being Economically Annihilated

ARNHEIM, Holland, Monday, April 21.—"The League of Nations is a caricature and the entente's enemies are simply being economically annihilated," said Pieter J. Troelstra, the Dutch socialist leader, in addressing the congress of the socialist labor party today.

He declared the entente had increased the chance of a revolution in western Europe by the decisions of the peace conference.

"A vigorous protest must be made against the trickery of the entente powers," he continued. "Their peace of violence is worse than if Germany had won the war. A strong movement must be started against them if peace is to be made on a socialist basis."

The speaker rejected the ideal of Bolshevism in Holland, saying that if a revolution visited the Netherlands, it must come without the soldiers' and workmen's council.

SMOOT SUPPORTS LEAGUE

Utah Senator Declares He Is Ready To Vote For Amended Covenant

OGDEN, Utah, April 22.—Senator Smoot announced last night that he would support the League of Nations covenant provided it contained the amendments reported by the newspapers. He said that he understood from the press that the amendments would include provision as to the Monroe Doctrine, that the league could not say how many troops should be supplied for foreign expeditions, that the league should not have control over internal affairs of any country and that no country would be required to become a mandatory against the wishes of its people.

"I would support any League of Nations, pact or treaty that would tend to lessen war," said the senator. "I would not turn over the United States to Asiatics or Europeans who never knew peace or liberty."

Battleship New Jersey, With 101st Ammunition Train, Docks Tomorrow

BOSTON, April 22.—Radio communication with the battleship New Jersey, which is bringing the 101st Ammunition Train of the 26th Division and other troops, was established by the First Naval district communications department today. Early messages said that the battleship-transport expected to anchor in President Roads about 4 p. m. tomorrow.

Machine Turned Over

wheels and started in the opposite direction. The accident was witnessed by an Ayer patrolman, whose quick work in rounding up automobiles and sending the injured to the camp hospital, saved at least two lives, it was believed.

Several Fatally Injured
Several of the soldiers were believed fatally injured. The most seriously hurt were Private William H. Parks, Battery D, 103rd Field Artillery of Portsmouth, N. H., fractured skull and internal injuries; Wagoner Harvey Westerland, Battery D, 102nd Field Artillery of Worcester, contusions of the spine; Private John H. Thomas of Wilkesbarre, Pa., skull fracture; Corporal Albert M. Boland of Worcester, internal injuries, and Private George A. Thull of North Adams, broken ribs and lacerations. The last three men were members of B Battery, 102nd Field Artillery.

Lowell Men Severely Injured
Corporals Arthur H. Flynn and Clyde C. Elliott of Worcester, members of the same unit, received scalp and body wounds. Birge Caverly, of Draught, who drove the machine, and John T. O'Neil of Lowell, the other civilian, received severe head and body lacerations and it was believed that the latter suffered internal injuries.

Going 50 Miles an Hour

Private Alfred C. Currier of Manchester, N. H., was thrown from the automobile first and landed at the foot of the embankment just in time to crawl out of the way of the tumbling machine. The less seriously injured victims said the machine was travelling between 40 and 50 miles an hour in an effort to reach camp before daylight.

John T. O'Neil of Lowell and Birge Caverly, of Draught, two of the men injured in the auto accident at Devens this morning are still at the base hospital at Devens. Caverly, who drove the machine, lives in Draught. His father is Charles A. Caverly.

O'Neil's home is at 108 White street, Pawtucketville. He is a machinist by trade. His mother, hearing of the accident and injury to her son, left for Camp Devens this forenoon. O'Neil's father is a board of health department employee.

BASEBALL THROWS CAR FROM TRACK

Thrown from the track by a baseball which was lying on one of the rails, a Ray Stalo car on the Lowell-Woburn line was derailed near Bennett Hall, Billerica, about 8 o'clock last evening. Three passengers were in the car at the time, but escaped with nothing more serious than a severe shaking up.

A baseball is a small thing to see at night, and the motorman failed to notice the minute obstruction which was lying on the rails in front of the car. Everyone knows the terrible potentialities of the horseshoe covered spheres which retail at \$1.25 and in this case the deus ex machina of the great national game lived up to its reputation, with the result that the trucks of the car were thrown from the track.

The rear end of the car wound up against a nearby telegraph pole breaking the rear step and partly demolishing the doors and windows of the rear vestibule. Incidentally, the pole was knocked very much out of line. A hurry call was sent in for the wrecking crew, and by 10 o'clock the line was cleared again and traffic resumed its normal course.

LOWELL PEOPLE INJURED IN AUTO ACCIDENT

A new Buick touring car owned by John A. Weinbeck, the local undertaker, was wrecked Sunday afternoon when it was rammed by another touring car in Haverhill. Mr. Weinbeck was painfully injured about the face, head and legs, while Mrs. Weinbeck also received bruises about the body. Miss Linda Weinbeck, who was at the wheel at the time of the accident, escaped with a shaking-up.

The Weinbecks were returning from their summer home at Hampton when at a point between Ward hill and North Andover, their machine was struck by a big car owned and operated by a resident of Haverhill. The injured were treated in Haverhill and later were able to return to their home.

FRIEDA HEMPEL GREAT SOPRANO

Miss Frieda Hempel, who will be heard in concert at the Colonial Theatre, Lawrence, on Sunday afternoon, April 27, in "The Queen of Coloratura," "The Greatest Soprano of Today." She is a "golden-throated singer"; hers is a voice of gold and magic. "The Voice Supreme." During the past year, the foremost music critics of the country have written the following phrases of appreciation, and many more. It was left for H. T. Parker, the distinguished critic of the Boston Transcript, to draw a pen picture of her marvelous voice—a picture which glows and shimmers and veritably sings what it tells. Mr. Parker wrote:

"Miss Hempel stands now at the golden noon of signal powers. Not one of her present contemporaries in America has a voice so rich and smooth of body, so lustrous, so ample from beginning

to end of its range. The usual voice of the ornate singer, such as she is, is either fine and delicate of timbre, like that of Mme. Barrientos or Mme. Galli-Curci, or of an exquisitely soft and silvery resonance, like Mme. Melba's in her later days.

"In contrast, Miss Hempel's is luscious, glowing, a veritable golden flood, ranging upward, ranging downward in undiminished body and beauty. The ornaments of song spring from her lips in a kind of splendor that not another singer of our time may now attain. Her highest notes ascend full, round, edgeless; her staccato are no mere sparks; her scales ripple in golden flood; she can outdo the Italians at their favorite trick of the long-held, swelled, diminished note. She excels equally in the large-lined, slowly unfolding, warmly modulated pattern of Rossini's ornate song, and in the hard glinting arbitrary dexterity—a garden of glass flowers. If there was ever one of Meyerbeer's Shadow Song in 'Dinorah.' Yet she fashioned in long and undulant line, with unerring sense of melting phrase, light inflection and rising color the tender measures of Desdemona, while in her tones, the melody of Bellini's 'Qui la Voce,' flowed in the sweetest of voice, the softest of lures, the very whippers of gentle melancholy."

The thousands of people who have fallen under the spell of the great artist, tell it all in one simple sentence: "Frieda Hempel sang straight into our hearts!"

MR. ROTHWELL TO SPEAK

Bernard J. Rothwell, chairman of the Massachusetts bureau of immigration, will be the speaker at the graduation exercises of the Lowell Textile school tomorrow evening at 7.45 in the assembly hall of the school in Moody street. Mr. Rothwell will speak on "Americanization" and will also present the certificates. The general public is cordially invited to be present. The buildings will be opened for inspection at 7 o'clock.

M.T.I. CHARACTER PARTY THE BEST EVER

A beauty show that rivalled a whole family of Venus de Milos was that staged in Associate hall last evening under the auspices of the Matthew Temperance society and labelled the annual Easter Monday character party of that organization. Seven girls' clubs blew the assembly call for their most stunning members and sent them well trained into the fray of keen rivalry for the group of prizes donated to the victors in individual and club costume competition.

Not only were the Clara Kimball Youngs of Lowell picturesquely represented, but there was also a commendable showing of the sterner sex who donned costumes original and bizarre in an effort to assure the judges that they and they alone were deserving of foremost recognition. Complementing the competitive phase of the evening's program was an excellent concert as well as general dancing which continued until the early hours of the morning. The concert program was as follows:

Opening overture, Broderick's orchestra; song, William Mahoney; dancing specialty, the Dewire sisters; song, Edward Donohue; selections, the Harmony Four, Messrs. Shaughnessy, Sullivan, Rogers, Maguire; finale, the orchestra.

A feature of the concert which aroused much admiration and easily made "the hit of the evening" was the dancing and singing of the Misses Dora and Marie Dewire, two youngsters from whom much may be expected later. Their dancing was as pretty a feature as has been seen on a local stage in years and the singing of Miss Dora was remarkably sweet for a girl of her age.

Then came the feature attraction of the evening—the club march. There were seven girls' clubs represented, the Emerald girls, the Brinkley girls, the 101st Auxiliary girls, the Just-A-Moment girls, the Merry Maker girls, the Jockey girls and the Most Popular girls.

The judges, Commissioner Dennis A. Murphy, Representative Thomas J. Corbett and former Representative Charles J. Slowey, had a task that nobody in the well-filled hall envied. Time and time again the competitors were asked to circle the hall and finally it was decided to award the Emerald girls first prize, the Brinkley girls the second and the 101st Auxiliary girls, third. When it came to the fourth award the judges were unequal to the occasion and in order to facilitate matters Mayor Perry D. Thompson, who was present to award the prizes, and the judges donated a fifth prize of an amount equal to the fourth. The Just-A-Moment girls and the Merry Maker girls were then given prizes of similar amounts, so close was their competition.

Next came the individual prizes and they were awarded as follows: First prize, Miss Rose Lafferty of the Emerald Club, as an Irish colleen; second, Miss Alice Tweed as an Indian squaw, and third, Miss Lynch in a jockey costume. The male winners were: First, John J. Bowers, as a Spanish Cavalier; second, John Deignan in Colonial costume, and third, E. Savard as a tramp.

Mayor Thompson made the presentations and also interspersed in his speech of congratulation a brief appeal for the present Liberty loan campaign.

The club and individual competitive marches were executed under the direction of John W. Sharkey and were excellently done.

After the prizes had been awarded general dancing was enjoyed until 1 a. m. The officers of the affair were: General manager, P. Frank Reilly; assistant general manager, Arthur M. Flaherty; floor director, Thomas F. J. McKearney; assistant floor directors, Walter M. Quinn, John J. Bowers; chief aid, Thomas J. Tighe; club chairman, Arthur M. Flaherty; chairman, Thomas J. Tighe; secretary, John J. Bowers; Thomas F. J. McKearney; George W. Bowers.

Dandruff Makes Hair Fall Out

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—it's all—your hair can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

SCHOOLS CLOSE FRIDAY

Because of the Yankee Division parade and celebration in Boston on Friday the Lowell schools will not hold sessions on that day. This will allow the spring vacation period to begin on Friday instead of on the following Monday, April 28.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Lowell Sun.—Adv.

FINE PROGRAM BY LETZ STRING QUARTET

The Letz string quartet gave a delightful program of music before the Middlesex Women's club in Colonial hall yesterday afternoon, thus adding to the many good things the club women have been privileged to hear this year. The members apparently anticipated an afternoon of rare pleasure, for every chair was occupied before the program commenced.

The members of the quartet, Hans Letz, first violin; Sander Hornum, second violin; Edward Kreiner, viola; and Gerald Mann, cello, are newcomers to Lowell, with the exception of Mr. Letz, the leader, but they have happy proof of considerable ability and artistry. Their playing was notable from the standpoint of sympathy and each member evinced perfect concord and co-ordination of mind and bow. On the program were two movements of a new work by Fritz Kreisler, which also is his first for a quartet of stringed instruments and was given its first public rendition but recently in New York city.

The program ran as follows: Quartet in G Major.....Mozart
Allerzio Vivace Assai
Mousette Allegretto
Andante Cantabile
Molto Allegro

(a) Introduction and Romanza
(b) Scherzo.....Fritz Kreisler
Quartet in F Minor.....Tchaikovsky
Andante, Moderato Assai
Scherzo, Allegro Giusto
Andante Ma Non Tanto
Allerzio Con Moto

NAVY YARD MILLS ARE SHUT DOWN

The entire plant of the Merrimack Woolen Co. at the Navy yard, Dracut, is shut down as a result of the strike of weavers, which was started last week. At a meeting of the strikers held last Saturday it was voted to refuse the offer of the company and as a result all the other organized employees of the plant left their work yesterday.

The weavers are out for an increase of five per cent. over the present scale of 15½ cents a yard and will not accept the offer of 17½ cents a yard made by the company. Daily meetings of the strikers will be held at the rooms of the Lowell Textile council in Central street, this city.

LOWELL ODD FELLOWS

Elaborate Preparations For
Celebration of 100th Anni-
versary of Organization

Elaborate preparations are being made by Lowell Odd Fellows for the celebration of the 100th anniversary of the birth of the fraternal organization in this city on the afternoon and evening of Saturday, April 26. The program already has been arranged and published and reflects a great deal of credit upon its workers. The program opens with a parade in the afternoon, led by Horace C. Kirtledge, chief marshal, the details of which will be announced later.

At 6 o'clock a banquet will be served in Odd Fellows hall, Middlesex street. Addresses will be given by Congressman John Jacob Rogers and Hon. Perry D. Thompson, mayor, and further entertainment will be furnished by the Honey Boy quartet and Commissioner James E. Donnelly. Dancing will follow.

The committees are headed by the general organization on arrangements consisting of Arthur W. Canham, Lillian Flint and Elmore T. Dean. Lodges in Lowell and nearby towns are represented as follows: Canton, Pawtucket, Haverhill, Kitteridge, Edward A. Welch and Fred G. Robinson, Plover Encampment No. 1, George W. Downs, John A. PHYSICALLY FIT
AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. The layers are the least worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haasem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any reason they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

HEARING FOR IRELAND

Lloyd George Agrees To Receive Dunne, Walsh and Ryan, American Delegates

PARIS, April 22. (By the Associated Press.)—David Lloyd George, the British prime minister, has agreed to receive former Governor Edward P. Dunne of Illinois, Frank F. Walsh, former chairman of the national war labor board, and Michael J. Ryan of Philadelphia next week. The Americans were chosen by the Irish societies in the United States to appeal to the peace conference on behalf of Ireland.

Arranged by Col. House

The arrangement for the meeting was made by Col. Edward M. House of the American peace delegation at a luncheon yesterday at the residence of the British premier. Mr. Lloyd George said he was unable to receive the Americans this week owing to the pressure of business connected with the peace treaty and requested them to remain over for a conference until next week.

ALL GIRLS' SHOW

Elmira Club Has Fine Program For Thursday

Seventy well trained young ladies will furnish the "All Girls' Concert" to be given at Associate hall Thursday evening, under the auspices of the popular Elmira club. The program selected is one of rare excellence, and it has been carefully rehearsed under the efficient direction of Charles D. Slattery. In arranging the details Mr. Slattery, aided by Francis F. Donahue, producer, spared neither time nor expense, and consequently secured what should prove to be one of the best combinations ever presented in this city. The girls who will appear in solo numbers next Thursday night, are noted for their exceptional ability, and with classy numbers are bound to make a big hit. They include Martha and Alice Dion, Marion Sanderson, Margaret Conlon, Beta Genderson, Katherine Shannon, Lucy A. Altano, Marion Pearson, Mary Smith, Emily

8 Visits For \$3

This Offer Positively Ends April 30. The reason why many people suffer from catarrhal troubles is not cured is because they cannot afford to receive proper treatment on account of the present business depression. The offer of the nominal fee rate of 8 visits for \$3 is given at this time by Dr. Powell so that all sufferers from catarrhal diseases may afford to receive treatment as often as it is needed.

I take this opportunity to notify all those who require treatment for catarrhal troubles that until April 30 my fee for treatment will be a charge of \$3.00 for eight office treatments. In order to take advantage of this low offer it will be necessary to visit my office and enroll your name on or before April 30. All patients who begin their treatment on or before that date will receive treatment as long as they require it without any increase in this rate.

It is advisable to call as early as possible in order to avoid the rush and confusion that will naturally occur during the closing days of this unusual offer.

ARE YOU
GOING DEAF?

Dr. Powell's specialty is freeing obstructed nostrils, treating deafness and head noises and hearing sore places in the breathing tubes. He has spent 25 years studying the best way to do this. He can usually free the nostrils without cutting away the bones of the nose. His treatment is absolutely painless.

Are you afflicted with CATARRH, the symptoms and consequences of which are too well known to be repeated?

Are you afflicted with DEAFNESS, partial or complete?

Are you worried by ringing noises in the head or the extension of the catarrhal process to the ears?

Do you suffer from DYSPEPSIA, loss of appetite, bloating in the stomach or any of the forms of catarrhal inflammation of the digestive organs?

Have you a severe BRONCHIAL TROUBLE, hacking cough, pain in the chest, loss of sleep, etc.?

Have you been warned of approaching consumption?

Are you suffering from ASTHMA? Have you been led to believe that your disease is incurable?

THE STAGE IS SET FOR PROSPERITY PLAY

BY RICHARD SPILLANE

America's Foremost Writer on Economic, Business and Financial Topics.

The stage is set and the actors ready for a great revival of the wonderful play "Prosperity." Nothing but a wholly unexpected and malign development can postpone it. May should herald its beginning.

Despite the chill the steel industry received when the differences between Director General Hays of the railroad administration, and Secretary Redfield halted the placing of orders by the railroads the signs point to a flood of business that will test the capacity of the mills. America's prices for steel today are the lowest in the world. Germany is out of consideration for a long time to come, but as she is from the ore beds of Lorraine from which she drew her raw material, England, which ranked next to Germany as a competitor of America, is in an extraordinary position. Production costs have risen to prohibitive heights. Coal costs so much and wages have advanced so greatly that it is confessed by British authorities that America not only can undersell Great Britain all over the world by as much as \$25 a ton, but can lay down steel in England at a lower price than the British.

A few years back America put up the bars of protection against cheap labor and cheap manufacturing costs of Europe. Out of the war has come the remarkable condition that as soon as the present pressing needs of the world are met Europe may have to put up the bars of protection against the comparatively cheap production costs of America.

Prosperity in the steel trade is of prime importance to America. The outlook is for big production, bigger even than in war days, for not only is there a tremendous work of American construction and reconstruction, but the foreign demand will be measured only by the ability to supply. The domestic demand is beginning to show evidence of vigor. Architects and engineers never were so busy. Builders remain hesitant, but each day makes their ideas of lower commodity and labor costs less pronounced. Like sheep they await but the bell-wether to lead them. The signing of the treaty of peace may be the signal for them to move.

Of the 47,000,000 persons in America engaged in gainful occupations 12,000,000 are in manufacturing or mechanical industries. The bulk of this vast manufacturing force is in trade in which metals and the state of the metal trades plays a large part.

Bigger than the steel industry is that of the farm. The wheat crop promises to be monumental and the money return unparalleled in richness. With steel and agriculture prosper-

ous everything else follows in the same way naturally.

It would not be surprising if, within the next three months, the principal trouble in America should be a shortage of labor.

Uncle Sam is nearly over his case of "nerves" from the "shock of peace." He has donned his overalls and is rolling up his sleeves. He has a job to perform, a big one.

Watch him at it in the field, at the forge, in the mill. He is a bit slow sometimes starting but he is a worker beyond compare when he gets a-going.

CENTRALVILLE'S CELEBRATION

May 16 has been tentatively selected as the date on which Centralville is to give her big celebration to the returned soldiers and sailors of that section of the city. The sum of \$1500 has already been collected to defray expenses and many collectors are yet to be heard from. It is planned to stage several affairs to swell the fund so that there will be ample money on hand when the celebration is held to give the boys the time of their lives. It is planned to hold the parade late in the afternoon so that as many people as possible may see it. Definite announcement as to the time will be forthcoming later. It is also planned to give the heroes a big banquet in connection with the welcome home celebration.

THREE-OF-ITS CLUB

The first annual dancing party of the Three-of-Its club was held at the Hibernian hall last evening, and the large crowd of friends and members of this popular organization who attended were unanimous in pronouncing the event one of the most enjoyable parties of the season. Wall's jazz orchestra furnished the music, which was all that could be desired. The officers in charge were: General manager, Jack Murphy; assistant, Charles Noonan; floor director, Charles Githide; chief aid, Joseph Murphy and treasurer, F. Shea.

FAMOUS AVIATOR KILLED

Jules Vedrines and Mechanic

Instantly Killed When Engine Went "Dead"

PAHNS, April 22.—The death of Jules Vedrines, the French aviator, which was announced here yesterday, was due, according to a Lyons despatch to the Petit Parisien to a landing accident. He was flying low, one of his engines missing fire. He swung his airplane in the direction of the wind, but failed to get the engine working properly and so decided to land. He headed the machine toward an alfalfa field but fell short the left wing collapsing.

Vedrines and Gullian, his mechanic, were both killed instantly.

Some of Vedrines' exploits during the war were spectacular. At one time he landed in full daylight in an enemy airplane in the midst of 32 Fokker airplanes, 28 auto cannons and 2000 soldiers. He recovered wounded and his machine full of bullet holes but brought such detailed information that the French in a subsequent attack took 5000 prisoners and killed 2000 of the enemy.

HELP ALIENS MAKE OUT THEIR RETURNS

Aliens are not being allowed to leave the country now without producing evidence that they have either paid their income tax or else were exempt from one and as a result of this Division Deputy Collector J. J. Foley has arranged to have a deputy collector at the local postoffice each afternoon from 1.30 to 2.30 this week for the purpose of making up returns for aliens who have not already filed their returns.

Many aliens have arranged to sail on liners leaving New York and Boston this week but unless they have certificates showing that they have paid their income tax or else were exempt from one they will not be allowed to depart.

DR. McCURDY COMING HERE TO LECTURE

At High school hall Thursday evening at 8 o'clock, Dr. James McCurdy of Springfield, just returned from France, will lecture on physical education under the auspices of the local Normal school. Mr. Edward Hartman, secretary of the Massachusetts Civic league, will also speak on kindred subjects. Principal Mahoney, if he gets back in time from New York, will preside. Dr. McCurdy had charge of the athletic courses for the army in France and had control of 200 men employed in the same work. He is editor of the American Physical Educational Review. The meeting is free to the public.

STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have. The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder." He also says, "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

MATRIMONIAL

Mr. John T. McDermott and Miss Josephine M. Rohan were married yesterday, the ceremony being performed at St. Patrick's rectory by Rev. Mr. William O'Brien, P. R., who was assisted by Rev. Albert L. McDermott, O.M.I., of the Holy Angels college, Buffalo, a brother of the bridegroom, and Rev. D. F. Gorman of Charlestown, cousin of the bridegroom. The bridesmaid was Miss Catherine M. Rohan, a sister of the bride, while the best man was Mr. Arthur P. McDermott of the Base hospital, Camp Devens, a brother of the bridegroom. At the close of the ceremony a wedding dinner was served at the home of the bride, 65 Claire street. After an extended wedding trip to Buffalo, New York and Washington, the happy couple will make their home in this city.

Olsen—Hudson

Mr. Floyd Niles Olsen and Miss Bertha May Hudson were married last evening by Rev. A. C. Archibald, the ceremony being performed at the clergyman's home, 151 Eleventh street. The witnesses were Sergt. Harry Hudson of Camp Eustace, Va. and Miss Ethel Olsen, a sister of the bridegroom. The couple will make their home at 82 Billerica street.

Hall—Dyson

The marriage of Mr. Horatio Arnold Hall of Springfield and Miss Minnie Seton Dyson of North Billerica took place April 19 at the North Billerica Baptist church, the officiating clergyman being Rev. Chester H. Howe, former pastor of the church, assisted by the pastor, Rev. Chester J. Armstrong. The bridesmaid was Miss Esther Hall, a sister of the bridegroom, while the best man was Gunner C. George Dyson of the U.S.S. Camden, a brother of the bride. At the close of the ceremony a reception was held at the home of the bride's parents in Lowell street. The happy couple will make their home in Springfield.

Blanchette—Ratelle

A pretty wedding took place yesterday morning when Mr. Abdis Blanchette and Miss Alida Ratelle, two well known young people of this city, were united in the bonds of matrimony. The ceremony was performed at a nuptial mass celebrated at 5 o'clock at St. Joseph's church, the officiating clergyman being Rev. Antoine Amyot, O.M.I., a cousin of the bride. During the mass the Notre Dame de Lourdes sodality choir, of which the bride was a member, rendered appropriate hymns, the solos being sustained by Miss Emerentienne Delisle and Miss Marie Louise Gauthier. Miss Lena R. Camire presided at the organ. The couple were attended by their respective fathers, Messrs. Edras Blanchette of Pawtucket, R. I. and Alphonse Ratelle of this city. The bride was handsomely attired in white Georgette crepe and carried bridal roses. At the close of the mass the bride's party repaired to the home of the bride's parents, 40 Melvin street, where a wedding breakfast was served, guests being present from Concord, N. H., Fitchburg, Pawtucket and Providence, R. I. The happy couple left at noon on a brief wedding trip to Providence and Plattsburg, N. Y., and upon their return they will make their home at 32 Melvin street.

Caron—Savard

At a nuptial mass celebrated at 7 o'clock at St. Joseph's church yesterday morning, Mr. Albert Caron and Miss Alida Savard were united in the bonds of matrimony. The ceremony was performed by Rev. Armand Baron, O.M.I. During the mass hymns were sung by the Notre Dame de Lourdes sodality choir, the solos being sustained by Misses Emerentienne Delisle and Marie Louise Gauthier. Miss Lena R. Camire presiding at the organ. The bride wore white Georgette crepe and carried bridal roses. She was attended by her father, Mr. Alfred Savard, while the bridegroom's witness was also his father, Mr. Ovide Caron. At the close of the ceremony a wedding breakfast was served at the home of the bride's parents, 81 Ford street, friends and relatives being present from Springfield, Camp Johnston, South Carolina, and other places. After an extended honeymoon trip the happy couple, who were the recipients of numerous wedding gifts, will make their home in Newburyport.

SUSPENDS LOWELL MAN'S LICENSE

(Special to The Sun)

STATE HOUSE, Boston, April 22.—John A. Delaney of Lowell has been notified by the Massachusetts highway commission that his license to operate motor vehicles in this state has been suspended by the commission pending investigation of the accident in which he was involved April 14 and which resulted in the death of Clara Laflamme of Braintree.

After its investigation the commission is convinced that the accident occurred without fault on the part of Delaney, his license will be reinstated, but if it is unable to make such a finding the license will be revoked. HOTT.

"The sovereign drink of pleasure and of health" COFFEE

Whether or not prohibition prevail, we shall always want—coffee

Coffee has become the most popular beverage in the world, simply because it appeals to a natural taste rather than to an acquired appetite. It serves both as food and drink.

Public opinion is now, ever was, and ever shall be strongly and emphatically in favor of coffee. It is approved by men and women everywhere—by all classes—by all America.

Coffee is the comfort and solace of the millions. It is cheering, soothing, sustaining and satisfying. Who will deny its rare charm and

rich flavor? Who can resist the aroma, the "bouquet" of a fragrant cup of good coffee?

Coffee is a man's drink. A comfy, chummy, clubby drink—a social, convivial, "good-fellow" drink. Wherever men meet to dine or deliberate—there is coffee.

So, naturally, coffee is enthroned. The good old-fashioned coffee-houses are already being revived, the meeting place of the millions; where men and women, too, may find rest, refreshment, relaxation and—good company.

WOMEN ARE SEIZED

Nationalization Law Causes
Confusion, Murders and
Suicides in Russia

LONDON, April 15. (Correspondence of the Associated Press.)—The law providing for the nationalization of women in northeast Russia has been suspended in one province as the result of popular outcry, according to information reaching London from Stockholm.

The Krasnaya Gazetta publishes an account of the results of nationalization. The system provides that every girl, on reaching the age of 15 must register her name in the bureau of free love, after which she is compelled to select a partner from among men between 15 and 30 years old. The law led to lamentable confusion, says the Gazetta in "judicial notions as to personal inviolability."

A few days after the soviet's decree, which women very generally ignored, two men, known to nobody, arrived in the town and seized the two daughters of a "well known non-bourgeois comrade, declaring they had chosen them as wives and that the girls, without further ceremony, must submit, as they had not observed the registration rules.

"Comrades Yablonski and Gurikina," who sat as judges on the claim, decided the men were right and the girls were carried off. They have not since been heard of by the village folk.

Many other instances of the fantastic operation of the law, not to speak of its inhumanities, are cited by the Gazetta. Enthusiastic for nationalization, naturally all males raid whole villages, seize young girls and demand proof that they are not over 15. As this proof is difficult to give, many of the girls are carried off and there have been suicides and murders as a result.

NEWS OF THE DAY
IN POLICE COURT

Fred H. Wolf and Henry Shapiro, the two Lowell men who were arrested in Devonshire street, Boston, two weeks ago, and charged with larceny of shoes valued at over \$200 from the American Railway express, were called on continuance before Judge Pickman in police court today. A further continuance was granted until April 29, bail remaining at \$1500 each.

Among the offenders charged with drunkenness, Frank Teague played a stellar role. Frank came in with marks of battle plentifully distributed over his face and head, and was adorned with a nice new bandage where he had evidently butted into something harder than his caput. Frank refused to explain whence came his scars and wounds, and was finally ordered to take a 15-day vacation in jail.

Wilfred Mitchell, who yesterday forsook the arid territory of Manchester, N. H., and dropped down to Lowell in search of various short and tall non-temperance drinks, proved that his quest had been successful and then some, by appearing in court on a

TRAVELING SALESMAN

Tells How He Regained Strength, Ambition and Vim

Atlantic, Iowa.—"I am a traveling salesman and was run-down, worn out, no appetite and no ambition. My druggist told me Vinol was what I needed and within a few days after taking it I commenced to gain and it built up my health and strength so every spring and fall I take it to build me up and it keeps me in splendid condition."—W. E. Brockelsby.

The reason we guarantee Vinol is because it is a constitutional remedy containing beef and cod liver peptones, iron and manganese peptones and glycerophosphates the most successful tonics known.

NURSE SAYS TAKE GOLDINE

This advice from a lady with the experience and judgment of Mrs. E. Brown, practical nurse, 34 Perry street, North Andover, gives weight to her statement. She said:

"For two years I had suffered with Bronchitis, catarrh and rheumatism. I had spells that I felt very exhausted and weak, all gone, you might say, for I just couldn't do anything. I coughed a great deal and was short of breath and dizzy. My heart was so weak it would often palpitate and my stomach was bad. I had to be very careful what I ate and even then I was in distress."

My rheumatism was mostly in my hands and feet; my back ached a great deal and my ankles would swell. I had bladder trouble for the urine would burn me at times. I also was troubled with chronic constipation and was very nervous. I had doctored a great deal before I heard of Goldine, and knowing it was not a patent medicine, but a herb remedy, I decided to try it. I also got the laxative habit.

I found it better than I thought. It seemed to get hold of me as no other medicine ever did. I could feel it all through me; it has strengthened me in every way. I found the laxative tablets exceptionally good, my bowels are better than they have been in months. My heart doesn't trouble me as it did. I know it is a good remedy and am recommending it to my friends. Tell them to get Goldine, for it's the best medicine I know."—MRS. E. BROWN.

NO THEORY, BUT A FACT

Mrs. S. O'Leary, 7 Forest street, Lawrence, said: "I had suffered with rheumatism in my knees for two years. I got so bad before I started using Goldine that I could hardly walk at all. My knees would swell and pain me whenever I bent them and I was so weak I couldn't do anything. Today I walked down town and they don't hurt me. I couldn't have done it a week ago. Goldine did that for me and more. I had headaches and was dizzy; catarrh had gotten a strong hold on me; I had a great deal of mucus in my throat, causing me to cough and spit, and I was becoming hard of hearing, and I was very short of breath and my heart would palpitate; I had no appetite and my stomach was bad. I also suffered from backache and kidney trouble. My limbs would swell and I was nervous and couldn't sleep. Goldine reduced the blood in my ankles, my kidneys are in good shape. I was getting up three and four times a night when I started taking Goldine, now I get up only once or twice. I am glad to let people know about it. Tell them to ask me if they want to know more about it. I don't know what others say, but I do know that Goldine took the lameness out of my knees."—MRS. O'LEARY.

Goldine is no experiment, has no new thought to teach, but is here to show results, which we are doing by the score in Lowell. When you see John Kelly, 20 Brookings St., Lowell; F. G. Moore, 35 Fitchburg road; Elie Perreault, 43 Brewster St.; Walter A. Porter, 43 Third St.; Chas. F. Hutchinson, 24 Roberts St.; and Gregory Ades, 655 Merrimack St., say send people to me if they want to know about Goldine. It's evidence enough.

Goldine is receiving the greatest endorsement of any medicine that ever came to Lowell. People recognize its remarkable merit, its purity, and the fact that it is not a patent medicine. The Goldine man will meet you daily at Carter & Sherburne's Drug Store to tell you about Goldine. He does not discuss a prescriptive, but will be glad to talk with you about your health problems and the virtue of Goldine. FREE. Don't forget the name and place. Goldine at Carter & Sherburne's Drug Store.

Let's Finish the Job!

On the sixth of April, 1917, the people of the United States entered the war. From that day until the eleventh of November, 1918, we Americans kept our shoulders to the wheel of endeavor. We saved and sacrificed. We toiled and fought. We struggled wholehearted and well toward the goal of victory. We laid aside all other things and concentrated upon winning the war. War became our chief and foremost business.

We are not yet finished with it. For this job was not only a task of manufacturing munitions of war, uniforms, ships and the transportation of supplies and troops across the Atlantic. It was not only a matter of firing guns and going over the top. It included the financing of our part in the war. This financial obligation began with our entry into the war. But it did not cease with the signing of the armistice. It will not end until the boys have been returned to their homes; until Uncle Sam has paid all of his—AMERICA'S—war bills.

That is why we Americans owe it to ourselves and our government to lend of our dollars in the Fifth Liberty Loan, which is our FIRST VICTORY LOAN. This will be our last chance to lend money in a popular subscription campaign to the government, for the financing of this war.

Billions of dollars had to be spent during the months we fought because we had to prepare rapidly; we had to rush into the fray at top-most speed at a moment when France was weakening and Great Britain was unable to bear the strain alone. It is true that we wasted money, but we hastened. We won. And this, after all, is the main thing.

These war bills, the demobilization of our army, and the returning of our boys from foreign lands back to their homes and

civilian life, are our chief concern. Most of the billions we are now asked to lend have been spent, and it remains for our government to borrow the money from citizens, to pay up the bills, and then commence reducing the size of the national debt by taxation.

Our war debt must be paid. Not a living person in this country can escape paying his or her share. We will pay that war debt when we wear clothes, eat food, when we play and when we work. Our children's children will pay. For years we will pay, pay, pay. That is taxation.

This Victory Loan is NOT taxation. It is merely a method whereby the government finances its obligations until they are paid. The government might step in and raise the entire amount by taxation, levying heavy upon every person. It prefers to pass the burden of payment over a period of years, thus lightening the immediate load. To do this, there must be money borrowed. And from whom, better than of themselves, should the people of this country borrow money? To whom, better than themselves, should they pay interest?

You, a citizen of America, now are asked to lend money to yourself. That, in substance, is the appeal of this Victory Loan. You are asked to lend money to yourself so YOU can bring back OUR soldier boys, and to pay for bringing back those who already have returned.

When that is done the job will be finished. And not until then.

We can't avoid it and we can't evade it. We cannot shift the burden. It is ours. It is our patriotic duty; our solemn obligation to our boys who sacrificed far more than we to win the war.

The unfinished business of this war lies before us. The Victory Loan is the implement with which we may finish the job. We were not slackers from April 6, 1917, to November 11, 1918. Shall we be slackers now?

This advertisement is contributed by John H. Harrington, Proprietor of The Lowell Sun, as a part of his effort to "finish the job" of war financing

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

St. Martin's
"For two years, I suffered tortures from *Severe Dyspepsia*. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth. I tried doctors but they did not help me. But as soon as I started taking *Fruit-a-lives* (or *Fruit-a-liver Tablets*) I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

ANY NATHER WONDERFUL BY GENE AHERN

Latest wrinkle in women's hairdress is "The airplane coiffure." Starting at the "party liners," the native hair and what grows on the dressing table, winds up like a bedspring and makes 'em look like a Missouri mule at high noon. Supposed to represent airplane wings. And to carry out the airplane idea, a wack effect will be shown every morning in curlers. From the looks of it, the airplane mode hair architecture will only be taken up by the light headed damsels. For the wrens who insist on spoiling an evening with warbling, it will help them soar with the tin cutting notes, and volplane safely down when the notes warp. The airplane coiffure will go all right if it isn't taken outside of the hangar.

FRECKLES AND HIS FRIENDS

SQUIRREL FOOD

THE DEMONSTRATION HOME GARDENS

The following article dealing with demonstration home gardens, conducted here by Charles T. Upton, garden supervisor for Lowell, is sent The Sun by the Middlesex county bureau of agriculture and home economics.

Didn't that fresh and smell good on the 19th as we turned it over in preparation for planting? And did you notice the many earthworms that were exposed when forking over the soil. This mild winter has been very good to our garden insects and pests. They are all with us again this spring.

We may just as well make up our minds right now that we shall have to wage a royal war on earthworms and plant lice this season. The latter are already sucking the life out of the young green shoots on the apple trees.

Did you notice the names of those large vegetables that were listed in last week's article? We should get busy and get these in if they are not already planted. We can let the tender vegetables wait for two or three weeks yet before planting them.

We backyard gardeners with our small areas must conserve space if we wish to obtain a maximum yield. And that's what we are all after—a large production.

So why not plant radishes in that row of parsnips. They will be ready to eat before they begin to crowd the parsnips. Then we can grow a head of lettuce between our early cabbage plants and hills of pole beans. What's the use of giving over a portion of the garden to lettuce and radish when they can be grown elsewhere?

If we set out a row of onion sets and leave a space every two feet, a tomato plant can be planted there later but it should be trained to one stem and tied up on a stake. The onions will be out before the tomatoes need the room.

A hill of bush beans may be grown between our hills of corn. Squashes are also grown among corn to good advantage. We recommend that only early varieties of corn be planted this year in areas infested with European corn borer. Better none at all.

We should not let any available space remain idle but see that something is always growing there. We are all surprised sometimes at the amount of vegetable production we see growing in some neighbors' garden.

We should make it a point to get out right away a few lettuce and early cabbage plants. We can obtain these from most any green house.

Next week we will discuss transplanting and methods for protecting young plants from garden pests.

IT'S SMARTLY SCALLOPED BY BETTY BROWN

Dear beloved taffeta here adapts itself to new fancies, and takes to scallops as easily as lace and embroidery. This fascinating "all-around" frock for spring and summer days is of the

new Mikado red taffeta. The chic eton jacket is scalloped with narrow bands of self-material, so is the deep, peplum—and so also is the cuff-hem—and on coat fronts and sleeves there are loop-and-button trimmings. The scalloped sleeves and vestee are of crisp organ-die.

Builds You Up

The Right Way—Spring Medicine That Begins and Ends Right.

So generally successful is Hood's Sarsaparilla as a Spring medicine, and in all ailments of the blood, stomach, liver and kidneys, that it may truly be said to give universal satisfaction. It has been before the public for nearly 40 years, and today has the largest sale of any sarsaparilla. Nothing under the sun could keep up this great demand but phenomenal efficiency and loyal support by the people of a good medicine.

It thoroughly renovates the blood, and red corpuscles, creates an appetite, tones the stomach, aids digestion, perfects assimilation, secures 100 per cent. benefit of the food you eat. Hood's Sarsaparilla represents the wisdom of one of the best physicians Boston ever had, combined with the practical experience of a pharmacist who has been putting up prescriptions for more than 50 years.

FRENCH COAL MINES ARE RUINED FOR YEARS

WASHINGTON, April 22.—Destruction wrought by the Germans in northern France was so "systematic and diabolical" that it will require five years to rehabilitate the coal, iron and steel industry from the 12 to 15 years to return the mines and mills to normal output, according to a preliminary report yesterday by Frank H. Probert, consulting engineer of the bureau of mines. He is a member of a special investigating committee which recently returned from Europe.

Despite the tremendous damage, Mr. Probert expressed confidence that the "indomitable spirit" of France and the return of Alsace and Lorraine to the motherland, would soon make the nation the dominant factor in the European steel industry.

"The actual physical damage to the iron mines is comparatively small when compared to the destruction of the coal fields of northern France, which is as reprehensible as it is complete," Mr. Probert said. "In my opinion no such atrocity was ever perpetrated against the industrial life of any country. Magnificent steel plants, comparing favorably with anything we have in the United States, are now but a tangled, twisted mass of structural steel and broken stones. The wilful demolition was scientifically planned and systematically carried out. This after the removal of all such mechanical and electrical power units as could be used by Germany. The maliciousness and efficiency with which this crime against French industry was carried out is almost unbelievable."

"The coal veins of northern France are overlain by water-bearing strata, necessitating special methods of shaft sinking and support to keep the mines dry. The steel lining of the shafts was dynamited, letting in the quicksands and flooding the underground workings for miles around. The entire Pas de Calais region. It is estimated that 120,000,000 cubic meters of water must be pumped before mining operations are resumed. Having flooded the mines, the head frames and surface equipment were systematically dynamited, the twisted debris in many cases filling up the demolished shafts."

HIGH SCHOOL SENIOR DAY

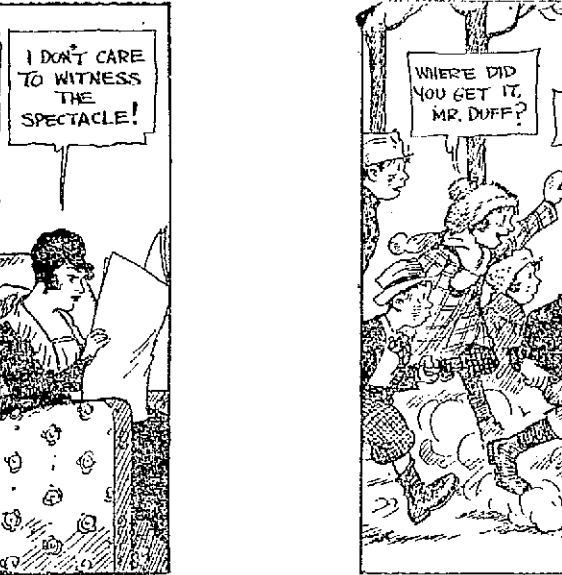

A new departure in the form of a senior day will be held at the high school on Thursday of this week, for members of the graduating class only. School will be dismissed early, at about 12 o'clock, and the graduates will gather in the assembly hall for an hour or two of informal sociability. The girls will wear their hair braided down their backs and the boys will disport themselves in black, flowing attire's neckties. Music will be furnished and the class members are looking forward to the event with much anticipation.

Meeting of City Council

Continued
dile street be block-paved from Appleton street to Davis square was read. The petition stated that three-quarters of the incoming freight from the freight yards of the Boston & Maine and New York, New Haven & Hartford railroads as well as from the Lowell Foot Terminal comes over this street.
Mr. Carroll was present and said that he had been living on the street for 20 years. The trucking has constantly increased and on Sundays there is a great deal of automobile traffic. He maintained that in its present condition the street sent up great clouds of dust and that oil and water are ineffective there. He would like to see something done on the matter this year.
Commissioner Morse said that he had contemplated block-paving the street in 1918, but there had been a great demand to have the principal streets paved and Thorneike street had been side-tracked as a result.
Mayor Thompson suggested that Mr. Carroll have a personal talk with Commissioner Murphy, who had not yet arrived at the meeting. It was then voted to refer the matter to Mr. Murphy.
Hearings were held on the following petitions for garage and gasoline licenses and then referred to Commissioner Morse: Eugene F. Callahan, 173 Salem street; Fred A. Maddox, 276 Central street; George Hudson, 126 Pawtucket street; and C. H. Zimmer, 33 West Third street.
Commissioner Murphy reported on the petition of Graham R. Whidden and W. H. Hoyt that edgestones be laid in front of their premises in Wyman street. A request for withdrawal had been received, but the commissioner believed that the work should be done anyway. The matter will have to remain in the city clerk's office for seven days before action is taken.
A petition for a garage at 28 50 Smith street was received by Allan W. Huntley and held for a hearing May 20.
Favorable reports on the following petitions were received from Commissioner Morse and the necessary licenses granted: Victor Pigeon, 206 Hall street; C. R. Merrill, 1259 Gorham and 739 Gorham.
An invitation from the Lowell Aeris of Eagles, John M. Hogan, secretary, requesting the presence of members of the council at a banquet to be held in Associate hall, Tuesday evening, May 13, was received and the city clerk instructed to extend the appreciation of the council for the invitation.
An order to approve the opening of Dingwell street from Middlesex street to the land of M. H. Wightman, was passed.
Commissioner Murphy reported favorably on the following petitions and accompanying orders were adopted:

ed: Jacques Boisvert, sewer, Deland street, \$240; John P. Nutter, sewer, Alston street, \$220; Sidney T. Heathcock, sewer in Blodgett street, \$562. The petitions of Ethel T. Webster for a sidewalk of edgestones at 638 Stevens street and T. F. Nolan for a sidewalk in Livingston avenue, were ordered laid in the city clerk's office for seven days.
The petition of Percy H. Moody for a sidewalk at 54 Georgia avenue was referred to Commissioner Murphy.
Thomas P. Garvey petitioned that a granite edgestone be laid in front of the premises at 165 Highland avenue and William Meyers that a similar edgestone be laid at 102 Highland avenue. Both were referred to Commissioner Murphy.
The petition of Wallace M. Adams that the sewer in Lapine road be extended, that of John Deaneur that the sewer in Buttram road be extended and of A. Wolf that the Chelmsford street sewer be extended were all referred to Commissioner Murphy.
The petition for claim for personal injury received in First street recently was referred to the law department.
Purchasing Agent Foye was authorized to sell manure from the health yard beginning May 1.
Mayor Thompson was authorized to sign an agreement for the taking over of certain areas of land for the erection of an annex to the Morey school. (Commissioner Murphy was opposed.)
The Tire Question
A communication signed by A. G. Behrrell protested against Chief Saunders of the fire department purchasing automobile tires out of Iowa. It was alleged that he recently purchased 25 or more tires from the B. P. Goodrich Co., an out-of-town concern, at a price which was no lower than could be obtained in Lowell.
Commissioner Morse said that he had always made it a practice to buy from local dealers but that on the day in question he was able to get the tires 15 per cent. cheaper in Boston than in this city. The price was not only cheaper but there were provisions for a better adjustment if for any reason the tires did not live up to expectations. Commissioner Murphy moved that the matter be referred to Commissioner Morse and it was so voted.
A communication from the Alden Spears Co., protesting against the awarding of a contract for 140,000 gallons of road oil to a firm which was not the lowest bidder was read and Commissioner Murphy explained that the difference between the bid of that concern and the Standard Oil Co. was only a fraction of a cent and that the Standard Oil people had guaranteed delivery by truck at five hours' notice if anything should happen to the cars on route. On the other hand, the Alden Spears Co. wanted from 10 to 15 days' notice. For that reason

he believed that the contract should go to the firm giving the better service. The mayor stated that the contract had not yet been signed and recommended that the matter be referred to Commissioner Murphy. It was so voted.
On motion of Commissioner Marshall it was voted that the city solicitor be instructed to notify owners and tenants of certain property on hand to be used by the city for an addition to the Morey school to vacate on or before May 15.
Thomas P. McKay Re-Elected
Thomas P. McKay, a member of the park commission, whose term expires May 1, was unanimously re-elected for a term of five years.
At the request of Commissioner Donnelly the board of assessors were empowered to enter into a contract with the Butterfield Printing Co. for the printing of 1400 copies of the list of poll assessments.
Mayor Thompson said that he had hoped to have a report ready at today's meeting of the celebration for soldiers and sailors on Patriots day, but the work had not yet been fully checked up. He hoped to have a report at next week's meeting. He suggested that the council pass a vote of thanks to the various organizations which assisted in entertaining soldiers and sailors here on the holiday and it was so voted.

Italian Envoys Withdraw
In the meantime the Italian situation is a source of much concern in Paris. After conferences with Premier Lloyd George and Clemenceau on Sunday and yesterday morning, Premier Orlando and Foreign Minister Sonnino of Italy absented themselves from the meeting of the council of four yesterday afternoon. Whether this marked a virtual withdrawal of the Italians from the conference was not developed. President Wilson, still opposed to recognition of the treaty of London, under which Italy lays claim to Fiume and the Dalmatian coast, had prepared a statement on the subject which will be made public if the deadlock continues, it is said.

DEATH OF SON
Corp Ernest Howard Hoyle, serving as a member of the Provost Guard in Camp Humphreys, Va., died Saturday night of a fracture of the skull. His parents, living at 126 Mt. Hope street, Pawtucketville, have been advised by the war department to this effect.
Corp. Hoyle was acting sergeant when he came here for a furlough last Christmas. He then complained of the attacks of the rough element near the camp. He was born in Pawtucketville. Inquiry will be made by his father as to what caused the fracture of the skull of his son.
The body will be brought here for burial. He left his parents, two brothers and four sisters.

OPENING DAY OF VICTORY LOAN

Treasury Officials Highly Pleased With Response From All Parts of Country

Confident Quota Will Be Subscribed Long Before Allotted Time

WASHINGTON, April 22.—Officials of the treasury today were highly pleased with reports of what had been accomplished on the opening day of the Victory loan drive. In some circles the belief is expressed that the full amount of the \$4,500,000,000 loan will be subscribed long before the allotted time.

A distinctive tone of optimism distinguished the reports of telegrams that arrived at the treasury department today, said an official review of the opening day.

Among the comments from chairman of federal reserve district organizations were these:

Boston—Thirty-five million dollars unofficially reported. Twenty-four cities and towns exceeded quota headed by Proctor, Vt., with 300 per cent. over-subscription.

Cleveland—Advance pledges to the loan much greater than in any previous campaign.

Philadelphia—Not one-tenth as much enthusiasm ever has been evidenced in connection with a loan.

Chicago—Reports from all states in this district indicate boundless enthusiasm. Most auspicious opening ever vouchsafed any war loan in Chicago.

San Francisco—Reports from

throughout the district indicate plenty of enthusiasm.

St. Louis—Eighty district got away to good start. Three Missouri, two Illinois, one Arkansas and one Mississippi counties over. Memphis trying to reach quota this week. St. Louis starts fine.

Kansas City—Four counties in tenth district unofficially over-subscribed.

Flying Start in N. E.
BOSTON, April 22.—New England got away with a flying start on the first day of the Victory loan drive. Official reports received by the Federal Reserve bank here today from 501 of the 814 banks in the district showed a total of \$21,577,000, and members of the New England committee felt certain there were many subscriptions, some of them for large sums, turned in too late to be included in the total.

Massachusetts contributed the major portion of the first day's pledges, the figures for this state being \$21,563,000, of which more than \$18,000,000 was subscribed in Boston. The Connecticut total was \$6,243,000; Rhode Island \$1,895,000; Maine \$791,000; Vermont \$689,000, and New Hampshire \$287,000.

JOSEPH CORDIA'S CASE CONTINUED

By agreement reached this morning at the district attorney's office, East Cambridge, between the district attorney and Daniel Penhune, counsel for Joseph Cordia, Cordia's case involving his being indicted for alleged rape was continued over to May 5 for further disposition.

The indictment was read to Cordia at the conclusion of his trial as a co-defendant on a charge of having murdered Louis Fred Soulia. Cordia being acquitted of the charge by a jury in the superior court at Lowell recently.

BOY SERIOUSLY INJURED BY AUTO

Arthur Baril, 9-year-old son of Mr. and Mrs. Frederick Baril, 7 Ivy street, was seriously injured shortly before noon today when he was struck and knocked down by an automobile driven by Rebecca S. Glassmire of Long Meadow. The boy's legs were broken, and he also received a laceration of the head. He was taken to St. John's hospital and placed on the dangerous list.

MATRIMONIAL

Mr. Joseph Alfred Douville and Miss Marie R. Blanchette were married this morning, the ceremony being performed at a nuptial mass celebrated at 8 o'clock in the chapel of St. Joseph's rectory by Rev. Aurelien Merrill, O.M.I. The couple were attended by Messrs. Jesse Douville and Gideon Forest. At the close of the ceremony a wedding breakfast was served at the home of the bride in Emory street, where a reception will be held this evening. After an extended honeymoon trip the happy couple will make their home in this city.

MICHAEL MARINO OF LOWELL GIVEN ONE YEAR FOR STEALING BLANKETS

BOSTON, April 22.—Michael Marino, alias James Facenna, of 351 Middlesex street, Lowell, indicted for the larceny of blankets from the government, was sentenced to one year and one day in the East Cambridge jail by Judge Morton in the United States district court yesterday afternoon.

FUNERAL TODAY OF THOMAS E. LENNON

The funeral of Thomas E. Lennon took place this morning with solemn services at St. Patrick's church, where a very large number of the relatives and friends of deceased assembled to assist at the services and pay a last tribute to his memory.

The long automobile cortege left the home of deceased, 144 School street, at 5.30 o'clock, and on arrival at the church a solemn high mass of requiem was celebrated by Rev. James J. Kerrigan, assisted by Rev. Timothy P. Callahan as deacon and

THE LATE THOMAS E. LENNON.

Rev. Joseph A. Curtin as sub-deacon. The choir under the direction of Mr. Johnson, rendered the Gregorian chant, the solos being sustained by Mr. D. S. O'Brien and Miss Alice Murphy. At the offertory Mr. P. P. Haggerty rendered a "Domine Jesu Christ" of his own composition. The solos of the Libera were also sustained by Mr. Haggerty, while Mr. John J. Dalton rendered the solos of the "De Profundis."

The honorary bearers were Messrs. Patrick Keyes, William P. McCarthy, Dr. A. J. Halpin, Hon. James E. O'Donnell, William C. Doherty and Patrick Lynch. The active bearers were the following employees of deceased: Messrs. Daniel Meulan, John Keefe, Charles Versneus, Charles Alway and William Cashin.

The Liquor Dealers' association was represented by Messrs. Charles L. Warren, Thomas P. Kelley and John H. Cull. The delegates from the Lowell lodge of Elks were Messrs. Michael T. Rafferty, Michael J. Markham, John Farrell and Hon. John T. Sparks. Burial was in the family lot in St. Patrick's cemetery, where the communal prayers were read at the grave by Rev. Fr. Kerrigan. There was a profusion of floral offerings showing the esteem in which deceased was held. Funeral arrangements were in charge of Undertakers James P. O'Donnell & Sons.

500 WOUNDED Y. D. MEN TO RIDE IN PARADE

BOSTON, April 22.—More than 500 wounded veterans of the Yankee division will ride in the divisional parade here next Friday, officials at North-eastern department army headquarters announced today. The first of these men were on the way here today from the army hospital at Washington with furloughs which will permit them to remain until after the parade. Others are coming within the next few days from hospitals around New York from the Cape May hospital and others along the coast. Many of the wounded of the division also are in hospitals in the immediate vicinity of this city and everyone who is strong enough will participate in the parade.

Over 20,000 in Line
Officials today said that there would be well over 20,000 men in line. Eighteen thousand of these are at Camp Devens and 2500 who have been discharged are expected to do their uniform again and march with their comrades. The discharged men will not be armed.

\$1,000,000 For Grandstands
Army officers who have gone over the line of march estimate that more

than 300,000 persons will be able to witness the spectacle. Fifteen additional grandstand permits issued by the city building department yesterday and others are under consideration. Nearly \$1,000,000, it was said, would be expended for grandstands, the erection of which is giving employment to every carpenter in Greater Boston who can be obtained.

500 LIMERICK STRIKERS SPENT NIGHT ON BRIDGE

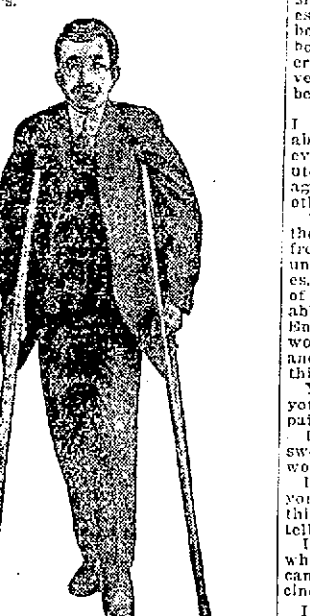

LIMERICK, April 22.—(By the Associated Press.)—The 500 strikers who went outside the military limits of the city yesterday and who were not permitted to return over the Sarsfield bridge last evening because they would not show military permits, spent the night on the bridge and resumed their demonstrations this morning. The soldiers were still on duty and would not permit the strikers to cross the bridge.
Up to noon today there had been no clashes between the opposing forces.

CHIMNEY FIRE
A still alarm was sent in this noon for a chimney fire at the corner of Tyler and Lawrence streets. No damage.

Discarded Crutches After Taking New Remedy

Joints Stiff and Swollen From Rheumatism—Not an Ache or a Pain Today

"Well, I want to tell you how grateful I am for the wonderful change Weldon made in me," said Henry Everett, of 38 Spring street, Everett, Mass., recently at the Weldon Headquarters.

Mr. Everett, a rheumatic, who now walks without aid of crutches.

"I was in a very bad condition when I commenced to take Weldon. My knee was swollen to almost twice its natural size, couldn't bend or move. My back ached so that I could not bend over, or move in bed, without agonizing pain."

"My shoulders were sore and stiff. It was impossible for me to get my hands to my head in the morning to comb my hair or to put my coat on. My hands were also stiff and sore, especially in the morning. In fact, I believe every muscle and joint in my body was sore and painful. My joints cracked like an old hinge and I was very much afraid that I would never be able to go about again."

"I was completely discouraged when I heard of this Weldon. I was just able to move about on crutches and even then it was torture; every minute I was afraid someone would knock against me, which would bring on another paroxysm."

ANNUAL MEETING OF ASSOCIATED PRESS

NEW YORK, April 22.—The annual meeting of the Associated Press was held here today, together with the annual luncheon of the members at the Waldorf-Astoria hotel. The members balloted for the election of five directors to fill vacancies caused by expiring terms. It was not expected the result of the election would be known until late in the afternoon.

TORRENT OF LOAN PLEDGES

NEW YORK, April 22.—The initial rush of Victory Liberty loan subscriptions in the second federal reserve district, was somewhat abated today but a torrent of pledges still roiled in upon the Federal Reserve bank. The official tally at 10 o'clock this morning was \$38,499,000.

REVIEW OF 26th
AT CAMP DEVENS

Largest Crowd on Record
Turns Out To See Famous
Y. D. on Parade

Strike of Auto Bus Drivers
Delays Many Getting to
Camp—Fires Break Out

AYER, April 22.—The largest crowd
of visitors ever seen at Camp Devens
assembled today for the 26th Division
review and the presentation of service
awards for gallantry in action
overseas. It was estimated that
50,000 persons had reached the cam-
pment by noon. All the highways
were jammed with automobiles and
trains were bringing large additions
to the throngs. Along the roads
from Ayer hundreds of persons made
their way toward the camp on foot,
unable on account of a strike of pub-
lic motor car drivers, to get cab
service. Most of the early arrivals
brought lunches and picnic parties
lined the roads in camp and outside.
Governors of the New England
states and members of their staffs
who were the particular guests of
the day, were entertained at a lunch-
eon given by Major General Henry P.
McCain, commander of the campment.
During the morning many
wounded men of the division who have
been in Boston hospitals were brought
to the camp in automobiles and were
cared for temporarily at the divi-
sion hospital. It was arranged that
these men should lead the line in
the divisional review with Major
Frank Cunningham of Worcester, for-
mer Dartmouth coach at their head.
Heroes Decorated
The review was preceded by the
ceremony of decorating the regimental
flag with service streamers and the
presentation of 48 decorations to
heroes of the division.
The battle streamers bore the names
of the engagements in which the vari-
ous regiments participated, some regim-
ents having as many as six and
seven of these added to their flags.
Major General Harry C. Hale and
Clarence R. Edwards, present and for-
mer commanders of the division, con-
ferred the decorations for bravery.
General Edwards pinning on those
awarded while he was in command,
and General Hale the remainder. The
decorations included Distinguished
Service Crosses, the Belgian Order of
the Crown, the Belgian Order of Le-
gion, two Belgian war crosses and
many French war crosses, one of
which went to Brigadier General
Charles H. Cole.
A Congressional Medal of Honor
awarded posthumously to Michael
Perkins, Jr., of Boston, was presented
by General Hale to the corporal's
father.

Bus Drivers Strike
AYER, April 22.—Motor bus drivers
went on strike today during the rush
of travel to Camp Devens for the
review of the 26th Division, and for
several hours 2000 people were stranded
in Depot square with little prospect
of reaching the campment unless
they walked. The bus drivers sus-
pended service when they learned that
the campment traffic regulations put
into effect for the day would require
them to travel 10 miles in a round
trip from here to the camps, two
routes only being open to them. They
asserted that in making these dis-
tances they would run at a loss.
Later after a selectman had con-
ferred with the protest guard com-
mander the route was reduced to
seven miles and most of the 50 drivers
went back to duty.

Two Fires at Devens
AYER, April 22.—The barracks of
the third company, first battalion of
the 1st Depot Brigade, at Camp
Devens, made up of castles recently
returned from overseas service was
burned today. Twenty men jumped
from second story windows to escape
and practically all members of the
company lost their war relics and
other belongings. The fire started
in a barrel of grease which burst and
scattered the flames.
While the fire brigade was en-
gaged, another fire was discovered in
the messhall of the 26th Infantry
some distance away and later there
were two other fires in small out-
buildings, all in different parts of the
campment. An investigation was or-
dered.

Reports of Progress From
Various Sources—Big Mass
Meeting This Evening

Echoes of yesterday's splendid start
on the Fifth Liberty loan drive in
Lowell were reverberating this morn-
ing and optimistic and progressive re-
ports were unofficially made from ev-
ery source. The banks reported steady
buying of the bonds this forenoon and
it is expected that the total of yes-
terday will be greatly increased to-
day. Added to the \$1,000,000 sub-
scribed by banks yesterday morn-
ing, \$50,000 was reported last night
from the Washington Savings Insti-
tution, and \$10,000 from James A. Ab-
bott & Co., making the total for the
opening day, \$1,110,000. It was a great
old getaway and conclusively showed
that Lowell has not allowed her patri-
otism to wane, or her eye for busi-
ness to become dimmed. No bank re-
ports were forthcoming this morning.

Missouri Delegation on Hand
To Greet Soldiers From
"Show Me" State

BOSTON, April 22.—The naval trans-
port Vedic brought 53 officers and 2180
enlisted men to this port today. In-
cluded in the number were 200 mem-
bers of the Yankee Division. They
were attached to the 103rd Field Ar-
tillery, recruited from New Hamp-
shire, Rhode Island, Connecticut and
the New England Coast Artillery.
Part of the 128th Field Artillery, Bak-
ery No. 304 and Illinois, Wisconsin,
Pennsylvania and Connecticut casual
companies, made up the remainder of
the passenger list.

"Show Me" Delegation
The Vedic reached quarantine a few
hours after daylight and was met by
a fleet of welcoming boats with flags
flying and bands playing. One of the
boats carried a delegation from Mis-
souri whose special mission was to
greet members of the 128th Field Ar-
tillery, made up almost entirely of St.
Louis men. The Missouri delegation
planned to remain in Boston until
other units from that state, now en
route, reach port.

All the way up the harbor to Com-
monwealth pier, which was reached
about 10 o'clock the Vedic received a
continuous ovation from other vessels
while factories along the waterfront
opened up their whistles and joined in
the welcome.

The debarkation of the troops be-
gan almost as soon as the transport
reached her pier. No one was per-
mitted to board the steamship. All of
the men were taken first to Camp De-
vens to be distributed later to other
cantonments and camps near their
homes for final discharge.

Y. D. Heroes Welcomed
The members of the 26th Division on
the Vedic received the same enthusi-
astic welcome both down the harbor
and at the pier that had been accorded
the others of the organization who
came before them.

The Vedic sailed from Brest on
April 11 and had a rough trip. There
were five stretcher cases aboard. Major
General Clarence H. Edwards was the
first man to board the transport as
she came into her dock and he re-
ceived a rousing cheer.
General Edwards wished to have the
Yankee division members leave for
Camp Devens first so that they might
be given immediate attention in pre-
paration for the parade, but it was im-
possible to get them together in time
and when the first train pulled out it
was crowded with Missourians.

TEXT OF REVISED
LEAGUE DRAFT

Received at State Depart-
ment by Cable—Polk Asks
Wilson For Release Time

President To Take no Action
Which Might Jeopardize
League of Nations

WASHINGTON, April 22.—Adminis-
tration officials were advised in a
confidential cablegram from Paris to-
day that in the consideration of prob-
lems confronting the peace conference,
such as Italy's Adriatic claims and the
question of an alliance to protect
France from future aggression, Presi-
dent Wilson would take no action
which might in the slightest degree
jeopardize the League of Nations or
conflict with its fundamental princi-
ples.

The message was a reply to a ca-
blegram of inquiry regarding the
president's attitude toward a
secret alliance which according to cer-
tain newspapers contemplated a spe-
cial defensive pact by France, Great
Britain and the United States. The
outcome of the apparent deadlock over
Italy's Adriatic claims was awaited in
official quarters here with evident
anxiety. The situation as pictured in
press dispatches was regarded as seri-
ous and there was no message from
Paris yesterday or today similar to
those of last week reporting gratify-
ing progress at the peace table.

The complete text of the revised
covenant of the League of Nations was
received at the state department by
cable from Paris. Acting Secretary
Polk has asked the president for di-
rections as to publication of the docu-
ment.

GUARD LAWRENCE PRIEST REPATRIATING RUSSIANS

Order Issued Because of Threats Against Pastor—Attacks Bolsheviks

LOWELL, April 21.—(The Sun.)—The Rev. James T. O'Reilly, for 25 years pastor of St. Mary's Roman Catholic church in this city, accompanied on all his appearances in public by a body guard of plain clothes policemen, in an order that was issued yesterday by Chief of Police Officer on orders from Peter E. Carr, commissioner of public safety.

The order, which also calls for guards about the church property, the parochial school and the Augustinian rectory, is said to have been issued because of threats against the life of the churchman and the safety of the church property, made by local Bolsheviks who are conducting a strike in the mill districts. Father O'Reilly has opposed the strike and the spread of Bolshevik sentiment.

"I was not consulted in the matter of giving me a body guard," said Father O'Reilly. "Commissioner Carr, as a matter of safety, gave the order. Personally, I do not feel that I need a guard. I am 55 years of age but I would not be afraid to tackle the dirty Bolshevik crew alone with my naked hands. They are cowards every one of them, as cowardly as they are opposed to everything that savors of Americanism, of religion and law and order."

JUDGE ORDERS

BOY SPANKED

PORTLAND, Me., April 22.—(The Sun.)—A boy, aged 9, was spanked by Captain Hugh F. McDougough of the police department in the municipal court yesterday by order of Judge Clifford B. McGowan.

The punishment was administered after the boy had pleaded guilty to the larceny of lead from the roofs of buildings, and his mother, a widow, had said she had been unable to break him of some bad habits he had acquired. He was placed on probation for one year.

Americans Releasing 300,000 Prisoners in 20 German Prison Camps

COBLENZ, Monday, April 21. (By the Associated Press.)—The task of repatriating approximately 300,000 Russian prisoners in the 20 camps in Germany which have been under the supervision of American army medical officers began a few days ago, in accordance with the decision of the allied armistice commission at Spa. Advances received here indicate the undertaking will be completed in about six weeks.

The Americans connected with relief work among Russian prisoners number more than 1000. Their principal duties are to see that the Russians are properly fed and to supervise camp sanitation. Food shipments, handled by the American Red Cross have been passing through Coblenz for several weeks, but these will cease soon and it is expected that within two months all American missions and soldiers in Germany who have been connected with relief work among Russian prisoners will be out of enemy territory.

To Properly Treat Obsolete Wrinkles

Particularly where wrinkles are loose and deep, the massage device is apt to rub too hard and too frequently. This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought.

Better than massage, or anything else, for the most obstinate wrinkles as well as the finest lines, is a remarkable formula which you may readily avail yourself of, as you will have no difficulty procuring the constituents from your druggist. It is this: One ounce powdered salicylic acid, dissolved in one-half pint witch hazel. Rub the face, neck and hands in this. The effect is really marvelous, not only as to wrinkles, but also in cases of baggy cheeks and chin. The application is cooling and soothing, tending to relieve fatigue. Both the witch hazel and the salicylic acid, of course, entirely harmless to the skin.—Adv.

RAPS LEAGUE OF NATIONS MORE Y. D. MEN COMING

Dutch Leader Says Entente's Enemies Being Economically Annihilated

ARNHEM, Holland, Monday, April 21.—(The League of Nations is a caricature and the entente's enemies are simply being economically annihilated," said Pieter J. Troelstra, the Dutch socialist leader, in addressing the congress of the socialist labor party today.

He declared the entente had increased the chance of a revolution in western Europe by the decisions of the peace conference.

"A victorious protest must be made against the treachery of the entente powers," he continued. "Their peace of violence is worse than if Germany had won the war. A strong movement must be started against them if peace is to be made on a socialist basis."

The speaker rejected the ideal of Bolshevism in Holland, saying that if a revolution existed the Netherlands, it must come without the soldiers' and workmen's council.

SMOOT SUPPORTS LEAGUE

Utah Senator Declares He Is Ready To Vote For Amended Covenant

OGDEN, Utah, April 22.—Senator Smoot announced last night that he would support the League of Nations covenant provided it contained the amendments reported by the newspapers. He said that he understood from the press that the amendments would include provision as to the Monroe Doctrine, that the league could not say how many troops should be supplied for foreign expeditions, that the league should not have control over internal affairs of any country and that no country would be required to become a mandatory against the wishes of its people.

"I would support any League of Nations pact or treaty that would tend to lessen war," said the senator. "I would not turn over the United States to Asiatics or Europeans who never knew peace or liberty."

wheels and started in the opposite direction. The accident was witnessed by an Ayer patrolman, whose quick work in rounding up automobiles and sending the injured to the camp hospital, saved at least 120 lives, it was believed.

Several Fatally Injured

Several of the soldiers were believed fatally injured. The most seriously hurt were Private William H. Parks, Battery D, 101st Field Artillery of Portsmouth, N. H., fractured skull and internal injuries; Wagoner Harvey Westerlund, Battery D, 101st Field Artillery of Worcester, contusions of the spine; Private John H. Thomas of Wilkesbarre, Pa., skull fracture; Corporal Albert M. Boland of Worcester, internal injuries, and Private George A. Thurl of North Adams, broken ribs and lacerations. The last three men were members of B Battery, 101st Field Artillery.

Lowell Men Severely Injured

Corporals Arthur H. Fiken and Clyde C. Elliott of Worcester, members of the same unit, received scalp and body wounds. Birge Caverly, of Dracut, who drove the machine, and John T. O'Neil of Lowell, the other civilian, received severe head and body lacerations and it was believed that the latter suffered internal injuries.

Going 50 Miles an Hour

Private Alfred C. Currier of Manchester, N. H., was thrown from the automobile first and landed at the foot of the embankment just in time to crawl out of the way of the tumbling machine. The less seriously injured victims said the machine was travelling between 40 and 50 miles an hour in an effort to reach camp before daylight.

John T. O'Neil of Lowell and Birge Caverly, of Dracut, two of the men injured in the auto accident at Devens this morning are still at the base hospital at Devens. Caverly, who drove the machine, lives in Dracut. His father is Charles A. Caverly.

O'Neil's home is at 105 White street, Pawtucketville. He is a machinist by trade. His mother, hearing of the accident and injury to her son, left for Camp Devens this forenoon. O'Neil's father is a board of health department employee.

BASEBALL THROWS CAR FROM TRACK

Thrown from the track by a baseball which was lying on one of the rails, a Bay State car on the Lowell-Woburn line was derailed near Bennett Hall, Billerica, about 8 o'clock last evening. Three passengers were in the car at the time, but escaped with nothing more serious than a severe shaking up.

A baseball is a small thing to see at night, and the motorman failed to notice the minute obstruction which was lying on the rails in front of the car. Everyone knows the terrible potentialities of the horseshoe covered spheres which retail at 12½ and in this case the deus ex machina of the great national game lived up to its reputation, with the result that the trucks of the car were thrown from the track.

The rear end of the car wound up against a nearby telegraph pole, breaching the rear step and partly demolishing the doors and windows of the rear vestibule. Incidentally, the pole was knocked very much out of line. A hurry call was sent in for the wrecking crew, and by 10 o'clock the line was cleared again and traffic resumed its normal course.

LOWELL PEOPLE INJURED IN AUTO ACCIDENT

A new Buick touring car owned by John A. Weinbeck, the local undertaker, was wrecked Sunday afternoon when it was rammed by another touring car in Haverhill. Mr. Weinbeck was seriously injured about the face, head and legs, while Mrs. Weinbeck also received bruises about the body. Miss Linda Weinbeck, who was at the wheel at the time of the accident, escaped with a shaking-up.

The Weinbecks were returning from their summer home at Hampton when at a point between Ward hill and North Andover, their machine was struck by a big car owned and operated by a resident of Haverhill. The injured were treated in Haverhill and later were able to return to their home.

FRIEDA HEMPEL GREAT SOPRANO

Miss Frieda Hempel, who will be heard in concert at the Colonial Theatre, Lawrence, on Sunday afternoon, April 27, is "The Queen of Coloratura," "The Greatest Soprano of Today," she is a "golden-throated singer"; hers is a "voice of gold and magic." "The Voice Supreme." During the past year, the foremost music critics of the country have written the foregoing phrases of appreciation, and many more. It was left for H. T. Parker, the distinguished critic of the Boston Transcript, to draw a pen picture of her marvelous voice—a picture which glows and shimmers and verily sings what it tells. Mr. Parker wrote:

"Miss Hempel stands now at the golden noon of signal powers. Not one of her present contemporaries in America has a voice so rich and smooth of body, so lustrous, so ample from beginning

to end of its range. The usual voice of the ornate singer, such as she is, is either fine and delicate of timbre, like that of Mme. Barrientos or Mme. Gatti-Curci, or of an exquisitely soft and silvery resonance, like Mme. Melba's in her later days.

"In contrast, Miss Hempel's is luscious, glowing, a veritable golden flood, ranging upward, ranging downward in undiminished body and beauty. The ornaments of song spring from her lips in a kind of splendor that not another singer of our time may now attain. Her highest notes ascend full, round, edgeless; her staccato are no mere sparks; her scales ripple in golden flood; she can outdo the Italians at their favorite trick of the long-held, swelled, diminished note. She excels equally in the large-lined, slowly unfolding, warmly modulated pattern of Rossini's ornate song, and in the hard glinting arbitrary floriture—a garden of glass flowers, if there was ever one—of Meyerbeer's Shadow Song in "Dinorah." Yet she fashioned in long and undulant line, with merrily sense of melting phrase, light infection and rising color the tender measures of Desdemona, while in her tones, the melody of Bellini's "Qui la Voce," flowed in the sweetest of voice, the softest of lures, the very whippers of gentle melancholy."

The thousands of people who have fallen under the spell of the great artist, tell it all in one simple sentence: "Frieda Hempel sang straight into our hearts!"

MR. ROTHWELL TO SPEAK

Bernard J. Rothwell, chairman of the Massachusetts bureau of immigration, will be the speaker at the graduation exercises of the Lowell Textile school tomorrow evening at 7.45 in the assembly hall of the school in Moody street. Mr. Rothwell will speak on "Americanization" and will also present the certificates. The general public is cordially invited to be present. The buildings will be opened for inspection at 6 o'clock.

M.T.I. CHARACTER PARTY THE BEST EVER

A beauty show that rivalled a whole family of Venus de Milos was that staged in Associate hall last evening under the auspices of the Mathew Temperance society and labelled the annual Easter Monday character party of that organization. Seven girls' clubs blew the assembly call for their most stunning members and sent them well trained into the fray of keen rivalry for the group of prizes donated to the victors in individual and club costume competition.

Not only were the Clara Kimball Youngs of Lowell picturesquely represented, but there was also a commendable showing of the sterner sex who donned costumes original and bizarre in an effort to assure the judges that they and they alone were deserving of foremost recognition. Complementing the competitive phase of the evening's program was an excellent concert as well as general dancing which continued until the early hours of the morning. The concert program was as follows:

P. FRANK REILLY

Opening overture, Broderick's orchestra; song, William Mahoney; dancing, specially, the Dowrie sisters; song, Edward Donohue; selections, the Harmony Four, Messrs. Shaughnessy, Sullivan, Rogers, Maguire; finale, the orchestra.

A feature of the concert which aroused much admiration and easily made "the hit of the evening" was the dancing and singing of the Misses Dora and Marie Dewire, two youngsters from whom much may be expected later. Their dancing was as pretty a feature as has been seen on a local stage in years and the singing of Miss Dora was remarkably sweet for a girl of her age.

Then came the feature attraction of the evening—the club march. There were seven girls' clubs represented, the Emerald girls, the Brinkley girls, the 101st Auxiliary girls, the Just-A-Moment girls, the Merry Maker girls, the Jockey girls and the Most Popular girls.

The judges, Commissioner Dennis A. Murphy, Representative Thomas J. Corbett and former Representative Charles J. Slower, had a task that nobody in the well-filled hall envied. Time and time again the competitors were asked to circle the hall and finally it was decided to award the Emerald girls first prize, the Brinkley girls the second and the 101st Auxiliary girls, third. When it came to the fourth award the judges were unequal to the occasion and in order to facilitate matters Mayor Perry D. Thompson, who was present to award the prizes, and the judges donated a fifth prize of an amount equal to the fourth. The Just-A-Moment girls and the Merry Maker girls were then given prizes of similar amounts, so close was their competition.

Next came the individual prizes and they were awarded as follows: First

Dandruff Makes Hair Fall Out

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—there's all you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

girls, Miss Rose Lafferty of the Emerald Club, as an Irish colleen; second, Miss Alice Tread as an Indian squaw, and third, Miss Lynch in a Jockey costume. The male winners were: First, John J. Bowers, as a Spanish Cavalier; second, John Deigan in Colonial costume, and third, E. Savard as a tramp.

Mayor Thompson made the presentations and also interspersed in his speech of congratulation a brief appeal for the present Liberty loan campaign.

The club and individual competitive marches were executed under the direction of John W. Sharkey and were excellently done.

After the prizes had been awarded general dancing was enjoyed until 1 a. m. The officers of the affair were:

General manager, P. Frank Reilly; assistant general manager, Arthur M. Flaherty; floor director, Thomas J. J. McKearney; assistant floor directors, Walter M. Quinn, John J. Bowers; chief aid, Thomas J. Tighe; club march committee, Arthur M. Flaherty, chairman, Thomas J. Tighe; secretary, John J. Bowers, Thomas J. J. McKearney, George W. Bowers.

FINE PROGRAM BY LETZ STRING QUARTET

The Letz string quartet gave a delightful program of music before the Middlesex Women's club in Colonial hall yesterday afternoon, thus adding to the many good things the club women have been privileged to hear this year. The members apparently anticipated an afternoon of rare pleasure, for every chair was occupied before the program commenced.

The members of the quartet, Hans Letz, first violin; Sander Harmati, second violin; Edward Kreiner, viola and Gerald Maas, cellist, are newcomers to Lowell, with the exception of Mr. Letz, the leader, but they have happy proof of considerable ability and artistry. Their playing was notable from the standpoint of sympathy and each member evinced perfect concord and co-ordination of mind and bow. On the program were two movements of a new work by Fritz Kreisler, which also is his first for a quartet of stringed instruments and was given its first public rendition but recently in New York city.

The program ran as follows:
Quartet in G Major.....Mozart
Allegro Vivace Assai.
Menuetto Allegretto.
Andante Cantabile.
Molto Allegro.
(a) Introduction and Romanza
(b) Scherzo.....Fritz Kreisler
Quartet in F Minor.....Tschaiikovsky
Andante, Moderato Assai.
Scherzo, Allegro Giusto.
Andante Ma Non Tanto.
Allegro Con Moto.

NAVY YARD MILLS ARE SHUT DOWN

The entire plant of the Merrimack Woolen Co. at the Navy yard, Dracut, is shut down as a result of the strike of weavers, which was started last week. At a meeting of the strikers held last Saturday it was voted to refuse the offer of the company and as a result all the other organized employees of the plant left their work yesterday.

The weavers are out for an increase of five per cent. over the present scale of 15 1/2 cents a yard and will not accept the offer of 17 1/2 cents a yard made by the company. Daily meetings of the strikers will be held at the rooms of the Lowell Textile council in Central street, this city.

Women and Young Girls RED PILLS For Pale and Weak Women

ANAEMIC women are surprised and delighted with the wonderful change made in their health by RED PILLS for Pale and Weak Women.

PALPITATION of the heart, headaches, giddiness, singing in the ears, nervous spells, weakness, indigestion and other troubles caused by anemia, soon disappear when RED PILLS for Pale and Weak Women are taken for a short time.

SOMETIMES a woman becomes so discouraged that she is about ready to give up all hope of ever being well. This is a mistake. Because other remedies have not helped you, is no reason why you cannot be well again.

IF your trouble is anemia, paleness, weakness, nervousness, RED PILLS for Pale and Weak Women will benefit you, just as they have helped thousands of women throughout France, the United States and Canada.

THEY are composed of valuable substances, which have proved their worth in purifying and enriching the blood, and building up the system. The pills are pleasant to take and are readily assimilated even by the weakest stomach.

MRS. O. MOORE, 112 Bedford Street, Lawrence, Mass., mother of a large family, was overworked. She suffered from general debility for a long time. Was cured of general weakness, backache, stomachache, and that tired feeling of depression by the use alone of RED PILLS for Pale and Weak Women.

FOLLOW her example. START today taking RED PILLS for Pale and Weak Women.

CAUTION:—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870 by a famous French specialist.

They have been largely used in France by French women ever since. Now, America, inspired by the great demand made by the war on woman's labor, is accepting with gratifying results the use of RED PILLS for the treatment of Anemia and general debility.

This will cause RED PILLS to be limited. Therefore, insist on the signature of the "CIE. CHIMIQUE FRANCO-AMERICAINE", and a serial number on each box. The RED PILLS are never sold in bulk, ONLY in boxes, 50c., or six boxes for \$2.50, at all druggists, or sent by mail, on receipt of the price, by the Franco-American Chemical Co. Limited, 212 Milk Street, Boston, Mass.

LOWELL ODD FELLOWS

Elaborate Preparations For
Celebration of 100th Anni-
versary of Organization

Elaborate preparations are being made by Lowell Odd Fellows for the celebration of the 100th anniversary of the birth of the fraternal organization in this city on the afternoon and evening of Saturday, April 26. The program already has been arranged and published and reflects a great deal of credit upon its workers. The program opens with a parade at the afternoon, led by Homer C. Knudsen, chief marshal, the details of which will be announced later.

At 6 o'clock a banquet will be served in Odd Fellows hall, Middlesex street. Address will be given by Congressman John Jacob Rogers and Hon. Perry L. Thompson, mayor, and further entertainment will be furnished by the Honey Boy quartet and Commissioner James P. Donnelly. Banquet will follow.

The committees are headed by the general organization on arrangements consisting of Arthur W. Clapham, Lillian Flint and Elmore T. Dean. Lodges in Lowell and nearby towns are represented as follows: Canton Pawtucket, Boston; C. Kittredge, Lowell; A. W. Wolf, and Fred C. Babin, Lowell; Elmore T. Dean, Lowell; W. Jones, Lowell; A. Whitbeck and Arnold L. Kinnear, Centralville, Ind.; No. 215, Elmore T. Dean, Lowell; Sanders and George N. Holden, Highland-Veritas, No. 6, Arthur W. Clapham, Lowell; W. Flint and Nelson P. Peckey, Oberlin, Ind.; No. 25, George W. Spaulding, Amos Kendall and Charles W. Marshall, Shawneetown, Ind.; No. 61, Billerica, Arthur L. Loney, Edward C. Symonds and Prescott L. Peckey, Evening Star Rebekah lodge, Bath, Pa.; Whitaker, Della L. Caswell and Florence A. Culey, Highland Union Rebekah lodge, Lillian Flint, Donna W. Perkins and Elizabeth L. Powers, Winning Rebekah lodge of "Pittsboro," Frank S. Bartlett, Stella Stevens, Ollie Waite, Hannah B. Angell and Wendell P. Stevens.

time, has not all over his bachelor blues, and is head over heels in love with his little ward, whom he often visits but who never suspects that her friend and "Daddy Long Legs" is one and the same. How the girl and the man, after many trials and heart aches, finally set their feet on the road that leads to the little church around the corner is one of the sweetest stories ever told, and Lowell theatergoers who fail to see this superb drama are surely missing a treat. Incidentally the advance sale has been exceptionally large for "Daddy Long Legs" and it would be advisable to secure seats early in the week—unless you prefer to stand.

Miss Louise Germond-Huntington, Mr. Arthur Lathrop and Miss Alice Germond have been playing comedy roles with these make the most of them. Elizabeth Ferris and Arthur, each an also appear to advantage, and were well received.

THE STRAND THEATRE
Three film stars of exceptional ability appear on the program at the Strand theatre for the first three days of the week. Germond-Huntington, Miss Louise Germond and Miss Alice Germond are featured in "The Stronger Vow," a high class dramatic play.

"Daddy Long Legs," Henry Miller's international success in which Ruth Chatterton endeared herself forever to the hearts of New York and Boston theatergoers two seasons back is this week's attraction at the Lowell Opera House, and if the reception accorded it by last night's audience, which taxed this famous playhouse to the limit, is to be taken as a criterion, the wonderful play is due for a most successful week. Each and every member of the large cast fitted so perfectly into his or her part last evening that one could not help but be impressed by the original production. Mr. Manager Carroll and his efficient director, Mr. Chatterton, are certainly to be commended in this connection. The story is that of a young girl who has spent all her life in an orphan asylum and in this particular establishment the milk of human kindness is about as scarce as cockles. Well be after the first of July, abuse, abuse and then more abuse is her daily portion, and the girl sometimes wonders what there is in life that makes it worth the living. And then one day a middle-aged bachelor and confirmed woman hater meets the little asylum girl—who is now just 18—and decides that she shall have her chance to go out in the sunshine and make her life worth while. But the girl is kept in the dark as to the identity of her benefactor, and the only name she knows him by is "Daddy Long Legs." So the blue gingham goes, the harsh words, and the great loneliness soon become a thing of the past and after a term in college, during which time she has made startling progress, it becomes evident that the little asylum girl will become one of the most famous authors of the day. Her guardian, in the mean-

PHYSICALLY FIT
AT ANY AGE

It isn't age, it's careless living that puts on "Daddy Long Legs" and "The Stronger Vow" a good condition and you will always be physically fit. The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Hadden Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

HEARING FOR IRELAND

Lloyd George Agrees To Receive Dunne, Walsh and Ryan, American Delegates

PARIS, April 22. (By the Associated Press).—David Lloyd George, the British prime minister, has agreed to receive former Governor Edward F. Dunne of Illinois, Frank T. Walsh, former chairman of the national war labor board, and Michael J. Ryan of Philadelphia next week. The Americans were chosen by the Irish societies in the United States to appeal to the peace conference on behalf of Ireland.

Arranged by Col. House
The arrangement for the meeting was made by Col. Edward M. House, of the American peace delegation at a luncheon yesterday at the residence of the British premier.

Mr. Lloyd George said he was unable to receive the Americans this week owing to the pressure of business connected with the peace treaty and requested them to remain over for a conference until next week.

It is expected that the Americans will take up with Mr. Lloyd George the question of his receiving the delegates from Ireland who are coming to Paris.

ALL GIRLS' SHOW

Elmira Club Has Fine Program For Thursday

Seventy well trained young ladies will furnish the "All Girls' concert to be given at Associate hall Thursday evening, under the auspices of the popular Elmira club. The program selected is one of rare excellence, and it has been carefully rehearsed under the efficient direction of Charles D. Slattery. In arranging the details Mr. Slattery, aided by Francis P. Donahue, producer, spared neither time nor expense, and consequently secured what should prove to be one of the best combinations ever presented in this city. The girls who will appear in solo numbers next Thursday night, are noted for their exceptional ability, and with classic numbers are bound to make a big hit. They include Bertha and Alice Dion, Marion Sanderson, Margaret Conlon, Beta Gendreau, Katherine Shannon, Lucy A. Alfano, Marion Pearson, Mary Smith, Emily

8 Visits For \$3

This Offer Positively Ends April 30
The reason why many people suffering from catarrhal troubles are not cured is because they cannot afford to receive proper treatment on account of the present business depression.

The offer of the nominal fee rate of 8 visits for \$3 is in effect at this time by Dr. Powell so that all sufferers from catarrhal diseases may afford to receive treatment as often as it is needed.

I take this opportunity of notifying all those who require treatment for catarrhal troubles that until April 30 my fee for treatment will be a charge of \$3.00 for eight office treatments. In order to take advantage of this low offer it will be necessary to visit my office and enroll your name on or before April 30. All patients who begin their treatment on or before that date, will receive treatment as long as they require it without any increase in this rate.

It is advisable to call as early as possible in order to avoid the rush and confusion that will naturally occur during the closing days of this unusual offer.

ARE YOU GOING DEAF?

Dr. Powell's specialty is treating obstructed nostrils, treating deafness and head aches and hearing some places in the breathing tubes. He has over 25 years studying the best way to do this. He can usually free the nostrils without cutting away the bones of the nose. His treatment is absolutely painless.

Are you afflicted with CATARRH, the symptoms and consequences of which are too well known to be repeated?

Are you afflicted with DEAFNESS, partial or complete?

Are you worried by ringing noises in the head or the extension of the catarrhal process to the ears?

Do you suffer from DYSPEPSIA, loss of appetite, bloating in the stomach or any of the forms of catarrhal inflammation of the digestive organs?

Have you a severe BRONCHITIS, TROUBLE, hacking cough, pain in the chest, loss of flesh?

Have you been warned of approaching consumption?

Are you a sufferer from ASTHMA? Have you been led to believe that your disease is incurable?

THE STAGE IS SET FOR PROSPERITY PLAY

BY RICHARD SPILLANE

America's Foremost Writer on Economic, Business and Financial Topics.

The stage is set and the actors ready for a great revival of the wonderful play "Prosperity." Nothing but a wholly unexpected and malign development can postpone it. May should herald its beginning.

Despite the chill the steel industry received when the differences between Director General Hines of the railroad administration and Secretary Redfield halted the placing of orders by the railroads that will test the capacity of the mills, America's prices for steel today are the lowest in the world. Germany is out of consideration for a long time to come, cut off as she is from the ore beds of Lorraine from which she drew her raw material. England, which ranked next to Germany as a competitor of America, is in an extraordinary position. Production costs have risen to prohibitive heights. Coal costs so much and wages have advanced so greatly that it is confessed by British authorities that America not only can undersell Great Britain all over the world by as much as \$25 a ton, but can lay down steel in England at a lower price than the British.

A few years back America put up the bars of protection against cheap labor and cheap manufacturing costs of Europe. Out of the war has come the remarkable condition that as soon as the present pressing needs of the world are met Europe may have to put up the bars of protection against the comparatively cheap production costs of America.

Prosperity in the steel trade is of prime importance to America. The outlook is for big production, bigger even than in war days, for not only is there a tremendous work of American construction and reconstruction, but the foreign demand will be measured only by the ability to supply. The domestic demand is beginning to show evidence of vigor. Architects and engineers never were so busy. Builders remain restless, but each day makes their ideas of lower commodity and labor costs less pronounced. Like sheep they await but the bell-wether to lead them. The signing of the treaty of peace may be the signal for them to move.

Of the 17,000,000 persons in America engaged in gainful occupations 12,000,000 are in manufacturing or mechanical industries. The bulk of this vast manufacturing force is in trade in which metals and the state of the metal trades plays a large part.

Bigger than the steel industry is that of the farm. The wheat crop promises to be monumental and the money return unparalleled in richness. With steel and agriculture prosper-

ous everything else follows in the same way naturally.

It would not be surprising if, within the next three months, the principal trouble in America should be a shortage of labor.

Uncle Sam is nearly over his case of "nerves" from the "shock of peace." He has donned his overalls and is rolling up his sleeves. He has a job to perform, a big one.

Watch him at it in the field, at the forge, in the mill. He is a bit slow sometimes starting but he is a worker beyond compare when he gets going.

CENTRAVILLE'S CELEBRATION

May 10 has been tentatively selected as the date on which Centraville is to give her big celebration to the returned soldiers and sailors of that section of the city. The sum of \$1500 has already been collected to defray expenses and many collectors are yet to be heard from. It is planned to stage several affairs to swell the fund so that there will be ample money on hand when the celebration is held to give the boys the time of their lives. It is planned to hold the parade late in the afternoon so that as many people as possible may see it. Definite announcement as to the time will be forthcoming later. It is also planned to give the heroes a big banquet in connection with the welcome home celebration.

THREE-OF-US CLUB

The first annual dancing party of the Three-of-U's club was held at Hibernian hall last evening, and the large crowd of friends and members of this popular organization who attended were unanimous in pronouncing the event one of the most enjoyable parties of the season. Wall's jazz orchestra furnished the music, which was all that could be desired. The officers in charge were: General manager, Jack Murphy; assistant, Charles Noonan; floor director, Charles Gilbride; chief aid, Joseph Murphy and treasurer, F. Shea.

FAMOUS AVIATOR KILLED

Jules Vedrines and Mechanic

Instantly Killed When Engine Went "Dead"

PARIS, April 22.—The death of Jules Vedrines, the French aviator, which was announced here yesterday, was due, according to a Lyons despatch to the Petit Parisien to a landing accident. He was flying low, one of his engines missing fire. He swung his airplane in the direction of the wind, but failed to get the engine working properly and so decided to land. He headed the machine toward an alfalfa field but fell short the left wing collapsing.

Vedrines and Guilian, his mechanic, were both killed instantly.

Some of Vedrines' exploits during the war were spectacular. At one time he landed in full daylight in an enemy airplane in the midst of 32 Fokker airplanes, 35 auto cannons and 6000 soldiers. He returned wounded and his machine full of bullet holes but brought such detailed information that the French in a subsequent attack took 8000 prisoners and killed 2500 of the enemy.

HELP ALIENS MAKE OUT THEIR RETURNS

Aliens are not being allowed to leave the country now without producing evidence that they have either paid their income tax or else were exempt from one and as a result of this Division Deputy Collector J. J. Foley has arranged to have a deputy collector at the local postoffice each afternoon from 1:30 to 5:30 this week for the purpose of making up returns for aliens who have not already filed their returns.

Many aliens have arranged to sail on liners leaving New York and Boston this week but unless they have certificates showing that they have paid their income tax or else were exempt from one, they will not be allowed to depart.

DR. McCURDY COMING HERE TO LECTURE

At High school hall Thursday evening at 8 o'clock, Dr. James McCurdy of Springfield, just returned from France, will lecture on physical education under the auspices of the local Normal school. Mr. Edward Hartman, Secretary of the Massachusetts Civic League, will also speak on kindred subjects. Principal Mahoney, if he gets back in time from New York, will preside. Dr. McCurdy had charge of the athletic courses for the army in France and had control of 300 men employed in the same work. He is editor of the American Physical Educational Review. The meeting is free to the public.

STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says: "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with ex-cite, fresh air, rousing food and Nature's great prescription, Phosphated Iron and Blood, nerve builder."

He also says: "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

MATRIMONIAL

Mr. John T. McDermott and Miss Josephine M. Rohan were married yesterday, the ceremony being performed at St. Patrick's rectory by Rev. Mr. William O'Brien, P. M., who was assisted by Rev. Albert J. McDermott, O. M. I., of the Holy Angels college, Buffalo, a brother of the bridegroom, and Rev. D. F. Gorman of Charlestown, cousin of the bridegroom. The bridesmaid was Miss Catherine M. Rohan, a sister of the bride, while the best man was Rev. Arthur F. McDermott of the Bass hospital, Camp Devens, a brother of the bridegroom. At the close of the ceremony a wedding dinner was served at the home of the bride, 65 Claire street. After an extended wedding trip to Buffalo, New York and Washington, the happy couple will make their home in this city.

Olsen—Hudson
Mr. Floyd Niles Olsen and Miss Bertha May Hudson were married last evening by Rev. A. C. Archibald, the ceremony being performed at the clergyman's home, 151 Eleventh street. The witnesses were Sergt. Harry Hudson of Camp Eustace, Va. and Miss Ethel Olsen, a sister of the bridegroom. The couple will make their home at 82 Billerica street.

Hall—Dyson
The marriage of Mr. Horatio Arnold Hall of Springfield and Miss Minnie Seton Dyson of North Billerica took place April 19 at the North Billerica Baptist church, the officiating clergyman being Rev. Chester H. Howe, former pastor of the church, assisted by the pastor, Rev. Chester J. Armstrong. The bridesmaid was Miss Esther Hall, a sister of the bridegroom, while the best man was Gunnar C. George Dyson of the U. S. S. Camden, a brother of the bride. At the close of the ceremony a reception was held at the home of the bride's parents in Lowell street. The happy couple will make their home in Springfield.

Blanchette—Ratelle
A pretty wedding took place yesterday morning when Mr. Ambias Blanchette and Miss Alida Ratelle, two well known young people of this city, were united in the bonds of matrimony. The ceremony was performed at a nuptial mass celebrated at 8 o'clock at St. Joseph's church, the officiating clergyman being Rev. Antoine Amyot, O. M. I., a cousin of the bride. During the mass the Notre Dame de Lourdes sodality choir, of which the bride was a member, rendered appropriate hymns, the solos being sustained by Miss Emergentine Belletti and Miss Marie Louise Gauthier. Miss Lena R. Camire presided at the organ. The couple were attended by their respective fathers, Messrs. Edouard Blanchette of Pawtucket, R. I., and Alphonse Ratelle of this city. The bride was handsomely attired in white, Georgeon dress and carried bridal roses. At the close of the mass the bridal party repaired to the home of the bride's parents, 29 Melvin street, where a wedding breakfast was served amidst being present from Concord, N. H., Fitzburg, Pawtucket and Providence, R. I. The happy couple left at noon on a brief wedding trip to Providence and Plattsburg, N. Y., and upon their return they will make their home at 20 Melvin street.

Caron—Savard
At a nuptial mass celebrated at 8 o'clock at St. Joseph's church yesterday morning, Mr. Albert Caron and Miss Alida Savard were united in the bonds of matrimony. The ceremony was performed by Rev. Armand Caron, O. M. I., during the mass hymns were sung by the Notre Dame de Lourdes sodality choir, the solos being sustained by Misses Emergentine Belletti and Marie Louise Gauthier. Miss Lena R. Camire presided at the organ. The bride wore white Georgeon dress and carried bridal roses. She was attended by her father, Mr. Alfred Savard, while the bridegroom's witness was also his father, Mr. Alida Caron. At the close of the ceremony a wedding breakfast was served at the home of the bride's parents, 41 Ford street. Friends and relatives being present from Springfield, Pawtucket and Providence, R. I. The happy couple left at noon on a brief wedding trip to Providence and Plattsburg, N. Y., and upon their return they will make their home at 20 Melvin street.

Finch—Bryant
A pretty wedding took place yesterday when Mr. Edward Finch of Newburyport and Miss Florence Bryant, daughter of Mr. and Mrs. John B. Bryant of 88 Linden street, this city, were married at the rectory of St. Peter's church by Rev. Fr. Shea. The bridesmaid was Miss Mary Bryant with the best man was Mr. George B. Bryant of Somerville, a cousin of the bride. After an extended honeymoon trip the happy couple, who were the recipients of numerous wedding gifts, will make their home in Newburyport.

SUSPENDS LOWELL MAN'S LICENSE

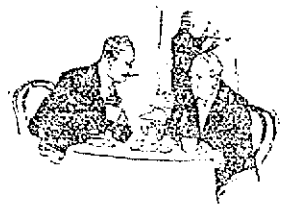

(Special to The Sun)

STATE HOUSE, Boston, April 22.—John A. Deane of Lowell has been notified by the Massachusetts highway commission that his license to operate motor vehicles in this state has been suspended by the commission, pending investigation of the accident in which he was involved April 14 and which resulted in the death of Clara Lelland of Braintree.

It after its investigation the commission is convinced that the accident occurred without fault on the part of Deane, his license will be reinstated, but if it is unable to make such a finding the license will be revoked.

"The sovereign drink of pleasure and of health" COFFEE

Whether or not prohibition prevail, we shall always want—coffee

Coffee has become the most popular beverage in the world, simply because it appeals to a natural taste rather than to an acquired appetite. It serves both as food and drink.

Public opinion is now, ever was, and ever shall be strongly and emphatically in favor of coffee. It is approved by men and women everywhere—by all classes—by all America.

Coffee is the comfort and solace of the millions. It is cheering, soothing, sustaining and satisfying. Who will deny its rare charm and

rich flavor? Who can resist the aroma, the "bouquet" of a fragrant cup of good coffee?

Coffee is a man's drink. A comfy, chummy, clubby drink—a social, convivial, "good-fellow" drink. Wherever men meet to dine or deliberate—there is coffee.

So, naturally, coffee is enthroned. The good old-fashioned coffee-houses are already being revived, the meeting place of the millions; where men and women, too, may find rest, refreshment, relaxation and—good company.

Confusion, Murders and
Suicides in Russia

LONDON, April 15. (Correspondence of the Associated Press.) The law providing for the nationalization of women in northeast Russia has been suspended in one province as the result of popular outcry, according to information reaching London from Stockholm.

The Krasnaya Gazeta publishes an account of the results of nationalization. The system provides that every girl on reaching the age of 18 must register her name in the bureau of free love, after which she is compelled to select a partner from among men between 16 and 50 years old. The law led to lamentable confusion, says the Gazeta in "judicial notions as to personal inalienability."

A few days after the soviet's decision, which women very generally ignored, two men, known to nobody, arrived in the town and seized the two daughters of a well known non-bourgeois comrade, declaring they had chosen them as wives and that the girls, without further ceremony, must submit, as they had not observed the registration rules.

"Comrades Vahlanovsky and Gurokin," who sat as judges on the claim, decided the men were right and the girls were carried off. They have not since been heard of by the village folk.

Many other instances of the fantastic operation of the law, not to speak of its inhumanities, are cited by the Gazeta. Enthusiastic for nationalization, naturally all males raid whole villages, seize young girls and demand proof that they are not over 18. As this proof is difficult to give, many of the girls are carried off and there have been suicides and murders as a result.

NEWS OF THE DAY
IN POLICE COURT

Fred H. Wolf and Henry Shapiro, the two Lowell men who were arrested in Devonshire street, Boston, two weeks ago, and charged with larceny of shoes valued at over \$200 from the American Railway express, were called on continuance before Judge Pickman in police court today. A further continuance was granted until April 29, both remaining at \$1500 each.

Among the offenders charged with drunkenness, Frank Teague played a stellar role. Frank came in with marks of battle plentifully distributed over his face and head, and was adorned with a nice new bandage where he had evidently butted into something harder than his caput. Frank refused to explain whence came his scars and wounds, and was finally ordered to take a 15-day vacation in jail.

Wilfred Mitchell, who yesterday forfeited the arid territory of Manchester, N. H., and dropped down to Lowell in search of various short and tall non-temperance "uses," proved that his quest had been successful and then some by appearing in court on a

TRAVELING SALESMAN

Tells How He Regained Strength, Ambition and Vim

Atlantic, Iowa. "I am a traveling salesman and was run-down, worn out, no ambition and no energy. My druggist told me Vinol was what I needed and within a few days after taking it I commenced to gain and I built up my health and strength so every evening and fall I take it to build me up and it keeps me in splendid condition."—W. E. Brockelsby.

The reason we guarantee Vinol is because it is a constitutional remedy containing beef and cod liver oil, peptonized, iron and manganese, peptonates and proteoglycates the most successful tonics known.

NURSE SAYS TAKE GOLDINE

This advice from a lady with the experience and judgment of Mrs. E. Brown, practical nurse, 34 Perry street, North Andover, gives weight to her statement. She said:

My Photo and Signature

Principles of Goldine

"For two years I had suffered with Bronchial catarrh and rheumatism. I had spells that I felt very exhausted and could do nothing. I just could not do anything. I was a great deal and was short of breath and dizzy. My heart was so weak it would often palpitate and my stomach was bad. I had to be very careful in what I ate and even then I was in distress. My rheumatism was mostly in my hands and feet. My back ached a great deal and my ankles would swell. I had bladder trouble for the urine would burn me at times. I also was troubled with chronic constipation. I was very nervous. I had doctoring a great deal before I heard of Goldine, and knowing it was not a patent medicine, but a real remedy, I decided to try it. I also got the laxative tablets and I find it better than I thought. It seemed to get hold of me as no other medicine ever did. I could feel it all through me. It has strengthened me in every way. I found the laxative tablets especially good. My bowels are better than they have been in months. My heart doesn't trouble me as it did. I know it is a good remedy and am recommending it to my friends. I tell them to get Goldine, for it's the best medicine I know."—MRS. E. BROWN.

Goldine Man

Goldine is a new experiment, has no new thought to teach, but is here to show results which we are doing by the score in Lowell. When such men as John Kelly, 20 Brookings St., Lowell; E. G. Mueser, 35 Farnham road; Elie Perreault, 44 Deane St.; Walter A. Porter, 45 Ward St.; Chas. E. Hutchinson, 24 Roberts St.; and Gregory Ades, 655 Merrimack St., say send me to me if they want to know about Goldine, it's evidence enough.

Goldine is receiving the greatest endorsement of any medicine that ever came to Lowell. People recognize it as a remarkable merit, its purity, and the fact that it is not a patent medicine. The Goldine man will meet you at Carter & Sherburne's Drug Store to tell you about Goldine. He does not diagnose or prescribe, but will be glad to talk with you about your health problems and the virtues of Goldine. FREE. Don't forget the name and place. NO THEORY, BUT A FACT

From backache and kidney trouble, my limbs would swell and I was nervous and could not sleep. Goldine relieved the blood in my ankles, my kidneys are in good shape. I was getting up three and four times a night when I started taking Goldine. I feel up only once and have no pain. Some rheumatism medicine is bad for the heart—they say, but I know Goldine isn't, for it stopped that palpitation and I feel stronger in every way. My catarrh is much better and I am glad to tell people know about it. Tell them to ask me if they want to know more about it. I don't know what others say, but I do know that Goldine took the lameness out of my knees."—MRS. O'LEARY.

Let's Finish the Job!

On the sixth of April, 1917, the people of the United States entered the war. From that day until the eleventh of November, 1918, we Americans kept our shoulders to the wheel of endeavor. We saved and sacrificed. We toiled and fought. We struggled wholehearted and well toward the goal of victory. We laid aside all other things and concentrated upon winning the war. War became our chief and foremost business.

We are not yet finished with it.

For this job was not only a task of manufacturing munitions of war, uniforms, ships and the transportation of supplies and troops across the Atlantic. It was not only a matter of firing guns and going over the top. It included the financing of our part in the war. This financial obligation began with our entry into the war. But it did not cease with the signing of the armistice. It will not end until the boys have been returned to their homes; until Uncle Sam has paid all of his—AMERICA'S—war bills.

That is why we Americans owe it to ourselves and our government to lend of our dollars in the Fifth Liberty Loan, which is our FIRST VICTORY LOAN. This will be our last chance to lend money in a popular subscription campaign to the government, for the financing of this war.

Billions of dollars had to be spent during the months we fought because we had to prepare rapidly; we had to rush into the fray at top-most speed at a moment when France was weakening and Great Britain was unable to bear the strain alone. It is true that we wasted money, but we hastened. We won. And this, after all, is the main thing.

These war bills, the demobilization of our army, and the returning of our boys from foreign lands back to their homes and

civilian life, are our chief concern. Most of the billions we are now asked to lend have been spent, and it remains for our government to borrow the money from citizens, to pay up the bills, and then commence reducing the size of the national debt by taxation.

Our war debt must be paid. Not a living person in this country can escape paying his or her share. We will pay that war debt when we wear clothes, eat food, when we play and when we work. Our children's children will pay. For years we will pay, pay, pay. That is taxation.

This Victory Loan is NOT taxation. It is merely a method whereby the government finances its obligations until they are paid. The government might step in and raise the entire amount by taxation, levying heavy upon every person. It prefers to pass the burden of payment over a period of years, thus lightening the immediate load. To do this, there must be money borrowed. And from whom, better than of themselves, should the people of this country borrow money? To whom, better than themselves, should they pay interest?

You, a citizen of America, now are asked to lend money to yourself. That, in substance, is the appeal of this Victory Loan. You are asked to lend money to yourself so YOU can bring back OUR soldier boys, and to pay for bringing back those who already have returned.

When that is done the job will be finished.

And not until then.

We can't avoid it and we can't evade it. We cannot shift the burden. It is ours. It is our patriotic duty; our solemn obligation to our boys who sacrificed far more than we to win the war.

The unfinished business of this war lies before us. The Victory Loan is the implement with which we may finish the job. We were not slackers from April 6, 1917, to November 11, 1918. Shall we be slackers now?

Meeting of City Council

Continued
dike street be block-paved from Ap-
piston street to Davis square was
read. The petition stated that three-
quarters of the incoming freight from
the freight yards of the Boston &
Maine and New York, New Haven &
Hartford railroads as well as from the
Lowell Coal Terminal comes over this
street.

Mr. Carroll was present and said
that he had been living on the street
for 20 years. The trucking has con-
stantly increased and on Sundays
there is a great deal of automobile
traffic. He maintained that in its present
condition the street sent up great
clouds of dust and that oil and water
are ineffective there. He would like
to see something done on the matter
this year.

Commissioner Morse said that he
had contemplated block-paving the
street in 1908, but there had been a
great demand to have the principal
streets paved and Thordike street
had been side-tracked as a result.

Mayor Thompson suggested that Mr.
Carroll have a personal talk with Com-
missioner Murphy, who had not yet
arrived at the meeting. It was then
voted to refer the matter to Mr. Mur-
phy.

Hearings were held on the follow-
ing petitions for garage and gasoline
licenses and then referred to Com-
missioner Morse: Eugene F. Callahan, 113
Salmon street; Fred A. Maddox, 27
Central street; George Hudson, 125
Pawtucket street; and C. H. Zimmer,
53 West Third street.

Commissioner Murphy reported on
the petition of Graham H. Whidden and
W. H. Hoyt that edgestones be laid
in front of their premises in Wyma
street. A request for withdrawal had
been received, but the commissioner
believed that the work should be done
anyway. The matter will have to re-
main in the city clerk's office for sev-
en days before action is taken.

A petition for a garage at 23-30
Smith street was received by Allan W.
Huntley and held for a hearing May
20.

Favorable reports on the following
petitions were received from Com-
missioner Morse and the necessary li-
censes granted: Victor Pigeon, 206
Hall street; C. R. Merrill, 1259 Gor-
ham and 739 Gorham.

An invitation from the Lowell Aer-
oclub, John M. Hogan, secretary, re-
questing the presence of members
of the council at a banquet to be
held in Associated hall, Tuesday even-
ing, May 13, was received and the
city clerk instructed to extend the
appreciation of the council for the in-
vitation.

An order to approve the opening
of Dingwell street from Middlesex
street to the land of M. L. Wight-
man, was passed.

Commissioner Murphy reported fa-
vorably on the following petitions
and accompanying orders were adopt-

ed: Jacques Boisvert, sewer, Deland
street, \$2469; John P. Nutter, sewer,
Albion street, \$220; Sidney T. Heath-
cock, sewer in Middlesex street, \$560.
The petitions of Ethel T. Webster for
a sidewalk of edgestones at 638
Stevens street and T. F. Hoban for a
sidewalk in Livingston avenue, were
ordered laid in the city clerk's office
for seven days.

The petition of Percy E. Moody for
a sidewalk at 34 Georgia avenue was
referred to Commissioner Murphy.

Thomas F. Garvey petitioned that a
granite edgestone be laid in front of
the premises at 105 Highland avenue
and William Meyers that a similar
edgestone be laid at 107 Highland
avenue. Both were referred to Com-
missioner Murphy.

The petition of Wallace M. Adams
that the sewer in Lupine road be ex-
tended, that of John Decatur that
the sewer in Buttram road be extended
and of A. Wolf that the Chelms-
ford street sewer be extended were
all referred to Commissioner Murphy.

The petition for claim for personal
injury received in First street recent-
ly was referred to the law depart-
ment.

Purchasing Agent Foye was author-
ized to sell manure from the health
yard beginning May 1.

Mayor Thompson was authorized to
sign an agreement for the taking over
of certain areas of land for the erec-
tion of an annex to the Morley school.
Commissioner Murphy was opposed.

The Tire Question

A communication signed by A. G.
Beharrell protested against Chief
Saunders of the fire department pur-
chasing automobile tires out of town.
It was alleged that he recently pur-
chased 20 or more tires from the B.
F. Goodrich Co., an out-of-town con-
cern, at a price which was no lower
than could be obtained in Lowell.

Commissioner Morse said that he had
always made it a practice to buy from
local dealers but that on the day in
question he was able to get the tires
15 per cent. cheaper in Boston than
in this city. The price was not only
cheaper but there were provisions for
a better adjustment if for any reason
the tires did not live up to expecta-
tions. Commissioner Murphy moved
that the matter be referred to Com-
missioner Morse and it was so voted.

A communication from the Alden
Spears Co., protesting against the
awarding of a contract for 110,000 gal-
lons of road oil to a firm which was
not the lowest bidder was read and
Commissioner Murphy explained that
the difference between the bid of that
concern and the Standard Oil Co. was
only a fraction of a cent and that
the Standard Oil people had guaran-
teed delivery by truck at five hours'
notice if anything should happen to the
cars en route. On the other hand,
the Alden Spears Co. wanted from 10
to 15 days' notice. For that reason

he believed that the contract should go
to the firm giving the better service.
The mayor stated that the contract
had not yet been signed and recom-
mended that the matter be referred
to Commissioner Murphy. It was so
voted.

On motion of Commissioner Mar-
chaud it was voted that the city solici-
tor be instructed to notify owners and
tenants of certain property on land
to be used by the city for an addi-
tion to the Morley school to vacate on
or before May 15.

Thomas F. McKay Re-Elected

Thomas F. McKay, a member of the
park commission, whose term expires
May 1, was unanimously re-elected for
a term of five years.

At the request of Commissioner
Dunnehy the board of assessors were
empowered to enter into a contract
with the Butterfield Printing Co. for
the printing of 1100 copies of the list
of poll assessments.

Mayor Thompson said that he had
hoped to have a report ready at to-
day's meeting of the celebration for
soldiers and sailors on Patriots day,
but the work had not yet been fully
checked up. He hoped to have a report
at next week's meeting. He suggested
that the council pass a vote of
thanks to the various organizations
which assisted in entertaining soldiers
and sailors here on the holiday and it
was so voted.

Italian Envoys Withdraw

In the meantime the Italian situa-

Paris. After conferences with Premier
Lloyd George and Clemenceau on Sun-

Orlando and Foreign Minister Sonnino
of Italy absented themselves from the
meeting of the council of four yester-

a virtual withdrawal of the Italians

Fiume and the Dalmatian coast, has
prepared a statement on the subject
which will be made public if the dead-
lock continues, it is said.

Corp Ernest Howard Hoyle, serving
as a member of the Provo st Guard
in Camp Humphreys, Va., died Satur-
day night of a fracture of the skull.
His parents, living at 126 St. Hope
street, Pawtucketville, have been ad-
vised by the war department to this
effect.

Corp. Hoyle was acting sergeant
when he came here for a furlough last
Christmas. He then complained of the
attacks of the rough element near the
camp. He was born in Pawtucketville.
Inquiry will be made by his father
as to what caused the fracture of the
skull of his son.

The body will be brought here for
burial. He left his parents, two broth-
ers and four sisters.

OPENING DAY OF VICTORY LOAN

Treasury Officials Highly Pleased With Response From All Parts of Country

Confident Quota Will Be Subscribed Long Before Allotted Time

WASHINGTON, April 22.—Officials of the treasury today were highly pleased with reports of what had been accomplished on the opening day of the Victory loan drive. In some circles the belief is expressed that the full amount of the \$1,500,000,000 loan will be subscribed long before the allotted time.

A distinctive tone of optimism distinguished the scores of telegrams that arrived at the treasury department today, said an official review of the opening day.

Among the comments from chairmen of federal reserve district organizations were these: Boston—Thirty-five million dollars unofficially reported. Twenty-four cities and towns exceeded quota headed by Doctor Vt., with 300 per cent over-subscription.

Cleveland—Advance pledges in the loan much greater than in any previous campaign.

Philadelphia—Not one-tenth as much enthusiasm ever has been evidenced in connection with a loan.

Chicago—Reports from all states in this district indicate boundless enthusiasm. Most auspicious opening ever vouchsafed any war loan in Chicago.

San Francisco—Reports from throughout the district indicate plenty of enthusiasm.

St. Louis—Eighty district got away to good start. Three Missouri, two Illinois, one Arkansas and one Mississippi counties over. Memphis trying to reach quota this week. St. Louis starts fine.

Kansas City—Four counties in tenth district unofficially over-subscribed.

Flying Start in N. E.

Boston, April 22.—New England got away with a flying start on the first day of the Victory Liberty loan drive. Official reports received by the Federal Reserve bank here today from 501 of the 511 banks in the district showed a total of \$21,577,000, and members of the New England committee felt certain there were many subscriptions, some of them for large sums, turned in too late to be included in the total.

Massachusetts contributed the major portion of the first day's pledges, the figures for this state being \$21,663,000, of which more than \$18,000,000 was subscribed in Boston. The Connecticut total was \$6,219,000; Rhode Island \$1,808,000; Maine \$791,000; Vermont \$685,000, and New Hampshire \$237,000.

JOSEPH CORDIA'S CASE CONTINUED

By agreement reached this morning at the district attorney's office, East Cambridge, between the district attorney and Daniel Donahue, counsel for Joseph Cordia, Cordia's case involving his being indicted for alleged rape was continued over to May 5 for further disposition.

The indictment was read to Cordia at the conclusion of his trial as a defendant on a charge of he and Francisco Fedi having murdered Louis Fred Soula, Cordia being acquitted of the charge by a jury in the superior court at Lowell recently.

BOY SERIOUSLY INJURED BY AUTO

Arthur Baril, 9-year-old son of Mr. and Mrs. Frederick Baril, 7 Ivy street, was seriously injured shortly before noon today when he was struck and knocked down by an automobile driven by Rebecca S. Glassmire of Long Meadow. The boy's legs were broken, and he also received a laceration at the head. He was taken to St. John's hospital and placed on the dangerous list.

MATRIMONIAL

Douville—Blanchette
Mr. Joseph Alfred Douville and Miss Marie R. Blanchette were married this morning, the ceremony being performed at a nuptial mass celebrated at 9 o'clock in the chapel of St. Joseph's rectory by Rev. Aurelien Merill, O.A.L. The couple were attended by Messrs. Jesse Douville and Gedeon Forest. At the close of the ceremony a wedding breakfast was served at the home of the bride in Emory street, where a reception will be held this evening. After an extended honeymoon trip the happy couple will make their home in this city.

MICHAEL MARINO OF LOWELL GIVEN ONE YEAR FOR STEALING BLANKETS

BOSTON, April 22.—Michael Marino, alias James Paconna, of 351 Middlesex street, Lowell, indicted for the larceny of blankets from the government, was sentenced to one year and one day in the East Cambridge jail by Judge Morton in the United States district court yesterday afternoon.

FUNERAL TODAY OF THOMAS E. LENNON

The funeral of Thomas E. Lennon took place this morning with solemn services at St. Patrick's church, where a very large number of the relatives and friends of deceased assembled to assist at the services and pay a last tribute to his memory.

The long automobile cortège left the home of deceased, 144 School street, at 9:30 o'clock, and on arrival at the church a solemn high mass of requiem was celebrated by Rev. James J. Kerrigan, assisted by Rev. Timothy P. Callahan as deacon and

THE LATE THOMAS E. LENNON.

Rev. Joseph A. Curtin as sub-deacon. The choir under the direction of Mr. Johnson, rendered the Gregorian chant, the solos being sustained by Mr. D. S. O'Brien and Miss Alice Murphy. At the offertory Mr. P. D. Haggerty rendered a "Domine Jesu Christ" of his own composition. The solos of the choir were also sustained by Mr. Haggerty, while Mr. John J. Dalton rendered the solos of the "De Profundis."

The honorary bearers were Messrs. Patrick Keyes, William F. McCarthy, Dr. A. J. Halpin, Hon. James E. O'Donnell, William C. Doherty and Patrick Lynch. The active bearers were the following employees of deceased, Messrs. Daniel Meehan, John Keefe, Charles Versano, Charles Alway and William Cashion.

The liquor dealers' association was represented by Messrs. Charles L. Marren, Thomas F. Kelley and John H. Cull. The delegates from the Lowell lodge of Elks were Messrs. Michael T. Rafferty, Michael J. Markham, John Farrell and Hon. John T. Sparks. Burial was in the family lot in St. Patrick's cemetery, where the communal prayers were read at the grave by Rev. Fr. Kerrigan. There was a profusion of floral offerings showing the esteem in which deceased was held. Funeral arrangements were in charge of Undertakers James F. O'Donnell & Sons.

500 WOUNDED Y. D. MEN TO RIDE IN PARADE

BOSTON, April 22.—More than 500 wounded veterans of the Yankee division will ride in the divisional parade here next Friday, officials at North-eastern department army headquarters announced today. The first of these men were on the way here today from the army hospital at Washington with furloughs which will permit them to remain until after the parade. Others are coming within the next few days from hospitals around New York from the Cape May hospital and others along the coast. Many of the wounded of the division also are in hospitals in the immediate vicinity of this city and everyone who is strong enough will participate in the parade.

Over 20,000 in Line
Officials today said that there would be well over 20,000 men in line. Eighteen thousand of these are at Camp Devens and 2,500 who have been discharged are expected to don their uniforms again and march with their comrades. The discharged men will not be armed.

\$1,000,000 For Grandstands
Army officers who have gone over the line of march estimate that more

than 300,000 persons will be able to witness the spectacle. Fifteen additional grandstand permits issued by the city building department yesterday and others are under consideration. Nearly \$1,000,000, it was said, would be expended for grandstands, the erection of which is giving employment to every carpenter in Greater Boston who can be obtained.

500 LIMERICK STRIKERS SPENT NIGHT ON BRIDGE

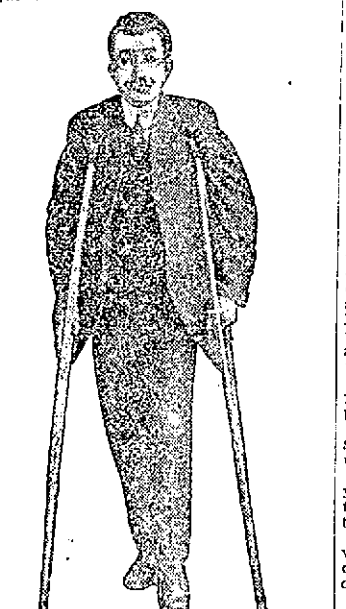

LIMERICK, April 22.—(By the Associated Press.)—The 500 strikers who went outside the military limits of the city yesterday and who were not permitted to return over the Sarsfield bridge last evening because they would not show military permits, spent the night on the bridge and resumed their demonstrations this morning. The soldiers were still on duty and would not permit the strikers to cross the bridge.

Up to noon today there had been no clashes between the opposing forces.

CHIMNEY FIRE
A still alarm was sent in this noon for a chimney fire at the corner of Tyler and Lawrence streets. No damage.

Discarded Crutches After Taking New Remedy

Joints Stiff and Swollen From Rheumatism—Not an Ache or a Pain Today
"Well, I want to tell you how grateful I am for the wonderful change Weldon made in me," said Henry Everett, of 35 Spring street, Everett, Mass., recently at the Weldon Headquarters.

Mr. Everett, a rheumatic, who now walks without aid of crutches.

"I was in a very bad condition when I commenced to take this Weldon. My knee was swollen to almost twice its natural size, couldn't bend or move it. My back ached so that I could not

bend over, or move in bed, without agonizing pain.
"My shoulders were sore and stiff, it was impossible for me to get my hands to my head in the morning, to comb my hair or to put my coat on. My hands were also stiff and sore, especially in the morning. In fact I believe every muscle and joint in my body was sore and painful. My joints cracked like an old hinge and I was very much afraid that I would never be able to go about again.
"I was completely discouraged when I heard of the Weldon. I was just able to move about on crutches and even then it was torture; every minute I was afraid someone would knock against me, which would bring on another paroxysm.
"Two weeks after taking Weldon the swelling had almost disappeared from my knees. I continued to improve until I was able to discard my crutches. Gradually every sign and symptom of the disease left me so that I was able to return to work as well as ever. Enthusiastic about Weldon? Why wouldn't I be, after suffering as I did and not finding anything until I took this Weldon?
"You would be grateful, too, wouldn't you, if you didn't have an ache or a pain of rheumatism?
"If your knees were sore, stiff, and swollen, and you found relief—wouldn't you be happy, too—wouldn't you?
"If every step you would take made you cry from pain and you found something to make you well—you would tell others about it, wouldn't you?
"I want to tell the people of Lowell who suffer from rheumatism, that they can't afford to fail to try this medicine. It certainly gets results.
"It was stated that the Weldon man would continue to meet the public at Days, the Drugist, Merrimack Sq., Lowell, every day to explain about this preparation, and to give out, without charge, the newspaper which is published in the interest of rheumatism, and a booklet on the book, "Germs of Rheumatism—How They Live—How They Die."

ANNUAL MEETING OF ASSOCIATED PRESS

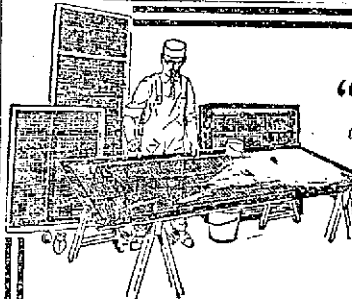

NEW YORK, April 22.—The annual meeting of the Associated Press was held here today, together with the annual luncheon of the members at the Waldorf-Astoria hotel. The members lunched for the election of five directors to fill vacancies caused by expiring terms. It was not expected the result of the election would be known until late in the afternoon.

Melville E. Stone, the general manager, who recently returned from Paris, was the principal speaker at the luncheon.

TORRENT OF LOAN PLEDGES

NEW YORK, April 22.—The initial rush of Victory Liberty loan subscriptions in the second federal reserve district, was somewhat abated today but a torrent of pledges still rolled in upon the Federal Reserve bank. The official tally at 10 o'clock this morning was \$58,429,000.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

"CLEAN UP" YOUR SCREENS

When you pulled the screens out from the basement this Spring were they rusted, rotted to pieces?

Of course—if they were not painted when they were put away for the winter. Screens should be painted TWICE A YEAR, when they're put up, and when they're "put away."

Our glossy black screen paint is prepared especially for the purpose. It is elastic and doesn't clog the meshes.
